(Continued from First Page)  
tors and nurses, were there for examination. The building is one of a group of three and is known as the examination building.

The other members of the group are the Cleveland Clinic Hospital on East Nineteenth street, just off Euclid, and a laboratory in the rear. The clinic building is at Euclid and East Nineteenth streets.

Patients seldom are kept at the clinic overnight more than a day. After their cases are diagnosed they are assigned rooms in the clinic hospital, dismissed or removed to hospitals of their own choosing.

**CLINIC'S SYSTEM**  
The majority of the patients who were caught yesterday morning had appeared for examination. Many of them were in waiting rooms. Others were on examination tables and still others were discovered previously to entering examination rooms. The clinic was famous for the work of its head, Dr. George W. Crile, and other specialists, many of whom lost their lives.

The State of Ohio took a hand in investigating the disaster when William T. Blake, State Director of Industrial Relations, left Columbus for Cleveland. He was accompanied by Roy Hulsey, chairman of the State Industrial Commission.

Gov. Cooper also instructed Capt. Daniels, Cleveland branch manager of the Department of Industrial Relations, to co-operate to the fullest extent with local officials in helping to cope with the situation here.

John D. Murphy, former editor of *Newsday*, said yesterday deaths are excessive among the victims in hospitals, it was explained tonight that many who thought they had escaped and who had not gone to the hospitals for treatment, had died.

The white brick clinic building was roped off today to keep all but officials away. It was feared there might be some of the gas lurking about the structure.

Councilor A. J. Pearce, after completing his first day's investigation, said he failed to find any evidence of negligence on the part of any one connected with the clinic. Neither did any of the other investigators attempt to place blame. Earlier in the day Councilor Pearce had declined to believe carelessness might have been responsible.

**PHONE GIRL RINGS ALARM OF DEATH, THEN SUCCUMBS**

**CLEVELAND.** May 16. (AP)—Among the bravest heroines of the Cleveland clinic disaster was Gladys Gibson of Cleveland, a telephone operator at the clinic, who deliberately faced death while sending out alarms and who died soon after in a hospital.

The brave telephone girl saw death approaching in the form of a gassy yellow poison gas, but she stayed at her exchange board making heroic efforts to warn everyone in the clinic of their danger, and to summon police, firemen and ambulances.

Faster than ever before in her life she worked, plugging in socket after socket in the switchboard, as she set all telephones in the clinic to ring until they alarm of death.

Finally the heroic girl collapsed, someone carried her out, and soon she died in a hospital.

"Greater love hath no man," said a priest with tears in his eyes as he saw Gladys die. "She was a brave and noble girl."

### REVISED LIST OF DEAD IN CLINIC GAS HORROR

**CLEVELAND.** May 16. (AP)—Revised list of dead and injured in Cleveland Clinic disaster:  
The dead are:  
Anderson, Dr. Harry, Cleveland, staff physician.  
Bader, Phillips, Cleveland, manager.  
Bartholomew, Max, Medina, O., sketch artist.  
Berner, Evelyn, Cleveland, clinic employee.  
Bischell, Oscar, Alliance, O., son of E. E., Cleveland, engineer and patient.  
Bordelle, Dr. John, Cleveland, staff physician at clinic.  
Brittishoff, Dr. Roy A., Cleveland, physician on clinic staff.  
Brown, William J., Cleveland, attendant at the clinic.  
Bundy, W. W. of Indianapolis.  
Bundy, Mrs. W. W. of Indianapolis.  
Bruno, Tom, no address.  
Caron, Mrs. May B., Cleveland, patient.  
Castilla, Romeo, Cleveland.  
Cassino, Mrs. Rose, Cleveland.  
Cipriano, Tommy, no address.  
Collins, Richard, Cleveland.  
Costley, Miss Minnie B., Cleveland.  
De Hart, Charlotte, Cleveland, nurse at clinic.  
Dembow, Miss Fannie, Cleveland.  
Dunford, Mrs. Tillie, Cleveland.  
Dunford, John, Cleveland.  
Elliott, Miss Rosalie, Cleveland, cashier at the clinic.  
Epstein, Miss Florence, Chicago.  
Fahey, Miss Anna, Cleveland, technician in X-ray department at clinic.  
Fayard, Mrs. Evelyn, Akron, O.  
Fields, Hugo, Akron, O.  
Flett, Lillian, Franklin, Pa.  
Fleming, Virgil, Cleveland, reporter.  
Gardner, Miss Georgia, Cleveland, chief clerk at clinic.  
Frank, Mrs. Joseph, Dunkirk, N. Y.  
Furari, Herman, Cleveland, physician.  
Gibson, Miss Gladys, Cleveland, telephone operator at clinic.  
Glempinski, Minnie, Cleveland.  
Groot, Miss Grandmama, Cleveland.  
Haas, Samuel, Cleveland.  
Hawig, Mrs. Carl, Cleveland.  
Heffernan, Miss Gertrude, Cleveland.  
Hellenbeck, Lester, Middlefield, O., patient.  
Horowitz, Jeannette, Cleveland.  
Hunter, Dr. Edgar S., Cleveland, skin physician and surgeon.  
Jain, Nale, Cleveland.  
Kaufman, Mrs. Rose, Cleveland.  
Koenigsky, Miss Bertha, Akron, O.  
Hornbladik, Miss Sam, Cleveland.  
Lambert, Miss Laura, clinic employee.  
Lechner, Harry, Cincinnati.  
Landwehr, Mrs. W. L., Sharon, Pa.  
Langston, Dr. F. V., of Indiana.  
Locke, Dr. Charles E., Cleveland, brain specialist at clinic.  
Logar, Francis, Cleveland.  
Long, Mrs. C. H., Cincinnati.  
Long, C. H., Harrison, O.  
Long, Mrs. C. H., Harrison, O.  
Long, Mrs. Fred, Farson, W. Va.  
Nadler, Mrs. Hope, Youngstown, O.  
Neustadt, Mrs. E. Madison, O.  
Marshall, Clifford E., Madison, Mass., Miss Bea, Rochester, N. Y., nurse at clinic.  
McKenna, Miss Margaret, Cleveland.  
Moeller, Miss Elvira, O.  
Morgan, Miss Edith, Cleveland.  
Muñiz, Mrs. W. L., Cleveland.  
Mullen, Margaret, Cleveland.  
Neville, Miss Florence E., Cleveland.  
Nucia, Samuel, Cleveland.  
O'Connell, Miss Helen, Elvira, O.  
O'Kearf, Mrs. Mary, Rome, Ga.  
Perkins, Miss Little, Cleveland.

**SIX STAFF PHYSICIANS LOSE LIVES**

### Noted Specialists Fall Victim to Fumes After Effort to Save Patients

**CLEVELAND.** May 16. (AP)—The toll of lives in the Cleveland clinic explosion was felt deeply today in the loss of six staff physicians at the institution, all of them leaders in their fields.

Dr. C. E. Locke, brain specialist, led fourteen patients and a nurse to the top floor of the building and through a hole in the roof, then ran across a hole in the roof and he was revived, but the deadly gas later had its way.

Dr. John Phillips, cofounder with Dr. George W. Crile of the clinic, worked feverishly among the patients and died when he was forced to leave from a third-floor window.

Charles Duck of Eureka was chosen to fill the position of Grand Warden. The concluding session of the convention will be held tomorrow.

Election of officers also was held today by the Rebekah Assembly, Odd Fellows auxiliary. Hilda R. Fine of Fresno was elected president of the assembly, succeeding Carrie Hutchins of San Francisco.

### Johnson Named by Odd Fellows

**SAN FRANCISCO.** May 16. (AP)—Elmer Johnson of Pasadena, former Deputy Grand Master of the Grand Lodge, Independent Order of Odd Fellows, was elected Grand Master of the organization by 300 delegates to the State-wide convention here today.

Charles Duck of Eureka was chosen to fill the position of Grand Warden. The concluding session of the convention will be held tomorrow.

Election of officers also was held today by the Rebekah Assembly, Odd Fellows auxiliary. Hilda R. Fine of Fresno was elected president of the assembly, succeeding Carrie Hutchins of San Francisco.

**Fresno Slayer Gets Reprieve**

### ANGELENO CHARGES DOCTOR WITH USURY

**SAN FRANCISCO.** May 16. (Ex-  
clusive)—Lou H. Rose, real-estate dealer of 470 Beverly Boulevard, Beverly Hills, filed suit in Superior Court today against Dr. Clayton Z. Wheeler, San Francisco and Los Angeles gland specialist, charging him in connection with a promissory note on real-estate transactions. The amount asked is \$18,500.00 or three times the actual loss, in accordance with provisions of the State usury law.

**PARIS.** May 16. (AP)—Miss Anne Morrow, aunt of Miss Anne Morrow, fancee of Col. Charles A. Lindbergh, left for Cherbourg today to sail for the United States for the wedding of her niece.

"I do not know where or when the ceremony will be, but I am hurrying home for the wedding in response to a cable from my sister-in-law," she said.

## CLEVELAND FIRE DETAILS ASKED

**Chief Here Wants to Avert Similar Disaster**

**Hospitals of Los Angeles in Class A Buildings**

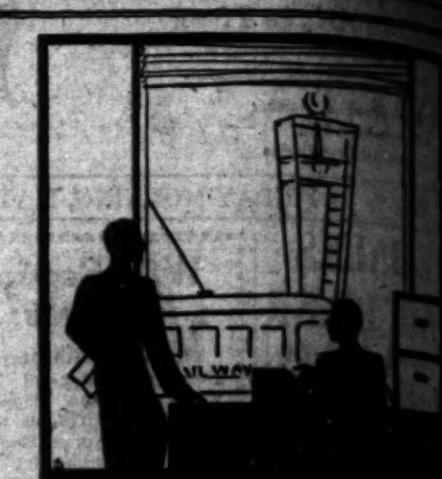

**Commission Inspects New Rescue Apparatus**

**FIRE CHIEF SCOTT HAS SENT A REQUEST TO THE FIRE CHIEF OF CLEVELAND FOR FULL DETAILS ON THE CAUSE OF THE DISASTER IN THE HOSPITAL IN THAT CITY WHICH CAUSED MORE THAN 100 DEATHS, HE INFORMED THE FIRE COMMISSIONER YESTERDAY OF ITS REGULAR MEETING. THE DATA WILL BE TRANSMITTED TO THE COMMISSIONERS FOR STUDYING IN HOSPITALS OR OTHER STRUCTURES IN THIS CITY.**

"Los Angeles is fortunate in having completed a program by which local hospitals are compelled to occupy Class A buildings and to be prepared for such a disaster as that in Cleveland to occur in hospitals in this city," he explained to the commissioners. "However, there always are possibilities of accidents where gases or wiring for power fail. We will be able to provide for full protection."

The commission discussed the importance of rescue apparatus for such accidents and adjourned to the garage of the City Hall where the commissioners viewed a new piece of apparatus known as "Rescue No. 1," recently put into service at 225 East Fifth street.

The vehicle is in the form of a large ambulance, painted in red and cream colors, and carries all the latest respiration devices for reviving victims of gas, drowning and other accidents or illness attacks. It is operated by a rescue squad of fifteen men on three shifts, with three captains, all experts in resuscitation work.

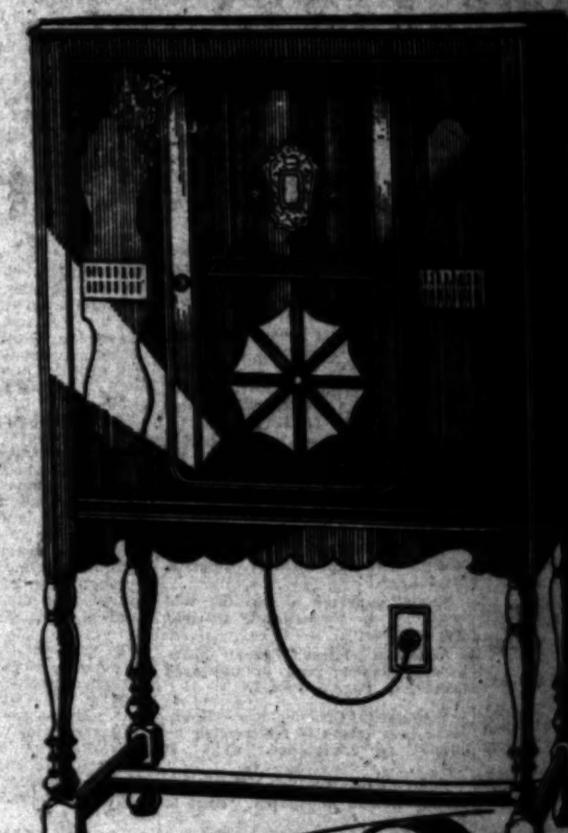

**THAT FELLOW JOHNSON**  
has certainly made rapid headway both financially and socially, hasn't he? He always was a hard worker and deserving. I'm mighty glad for him. He's a man of good principle and sound ideas and now when he didn't know where he'd go next dollar he insisted upon being owned by Oviatt which I thought at the time was unwise. He contended, however, that his first impressions were lasting ones and I'm sure that it has contributed largely to his success. I'm satisfied now that he is safe.

IOWA COLLEGE  
RIFT WIDENINGCharges Hurled at Buffalo  
Bible ConventionCalloway Accuses Shields of  
Arbitrary TacticsLatter Replies With Bitter  
Denunciations

BUFFALO (N. Y.) May 16. (P)—The contending factions of the Des Moines University row were more widely divided tonight than at any time since the riot of students which was followed by temporary closing of the institution.

Charging that Dr. T. T. Shields, president of the board of trustees of the university and head of the Baptist Bible Union, was using "steamroller tactics" at the open session of the annual convention, Dean Calloway, of the university's pharmacy department and here as a representative of the faculty and students, called a special meeting to which he invited all Baptists of the city. Rev. Minor Stevens, member of the university board, opposed the policies of Dr. Shields, joined Dean Calloway in the call for the special meeting.

## CALLOWAY HEARD

The widening of the rift began when Dr. Shields denied to Dean Calloway the privilege of speaking in place of President Harry C. Wayman of Des Moines at the morning session of the Baptist Union convention. The latter was down on the program for a speech, but the program was dropped because of the program for a speech which had been made up long before the storm broke at Des Moines. Dean Calloway then said that he represented 400 students, Dr. Wayman and the dismissed faculty of forty members, and asked and obtained the freedom of the floor.

He declared, among other things, that Dr. Wayman "never was given a chance to be president"; that Dr. Shields had interfered with the program in the performance of his duties and that Miss Edith M. Reisman, his secretary, had interfered with the faculty "in the performance of theirs."

## SHIELDS REPLIES

Dean Calloway was interrupted freely but managed to get into the record his belief that the overnight dismissal of the faculty was likely to interfere with the standing of the college and its credit.

Then Dr. Shields produced a letter, signed by Dean Calloway and other deans of the university, referring to Dr. Shields and "Miss Reisman" and declaring a "confederation" was likely to result among the students.

"This man," said Dr. Shields,

EXPENSE OF LAW  
MAKING GAINSLegislature Cost \$358,482, or  
About \$425 for Each  
Bill

SACRAMENTO, May 16. (Exclusive)—The cost of California's ninety-nine day legislative session which ended early today, totaled \$358,482.04, according to figures announced today by State Controller Riley.

The 1927 session cost was \$358,000 and this year marked the first time the expense passed the \$350,000 mark.

The Hardy trial cost approximately \$30,000 and the total printing bill is expected to exceed \$250,000.

A tentative check-up reveals that 1116 bills were passed at this session, against 1107 by the 1927 Legislature.

pointing his finger at Dean Calloway, seated near him on the platform, "set his signature to a letter which was delivered to me by the pastor of any Christian minister."

"I have studied, but I have no language to express adequately the despicable, diabolical action to which Dean Calloway has set his hand."

Most recently, Dr. Wayman took up with a discussion of Des Moines University. Two dozen or more clergymen present pledged themselves to raise money to continue the work of the college, operated by the Baptist Bible Union.

PROFITS OF  
PROHIBITION  
ESTIMATEDW.C.T.U. Figures Annual  
Gain at \$5,007,000,000 in  
Answer to Weis

CHICAGO, May 16. (Exclusive)—Prohibition may be costing the country \$650,000,000 a year directly and indirectly through taxes, as charged by the Association Against the Prohibition Amendment, but at the same time it is giving it \$4,000,000,000 annually in increased business.

The net gain therefore of prohibition is, therefore, \$5,007,000,000 every twelve months.

That was the answer today of the National Women's Christian Temperance Union to the recent statement by Dr. Walter E. Weis, by the official organization of the women in communication sent to Mrs. Ella A. Roche, president of the National W.C.T.U., to State presidents and other leaders in the campaign of the Eighteenth Amendment opponents against the amendment.

The Evanston (Ill.) headquarters points out that the \$650,000,000 item includes not only the cost of State and Federal enforcement activities, but also the "losses" experienced by Federal, State and municipal governments by the lack of taxes on liquor and the saloons.

SAVING TO NATION  
PUT AT \$72,000,000,000

WASHINGTON, May 16. (P)—Prohibition's saving to the American nation since 1920 is placed at \$72,000,000,000 by Beets Pickett, research secretary of the board of governors of the Methodist Episcopal Church.

"The retail liquor bill of the American people in 1916," he says, "was \$2,436,077,585.50. There is no doubt whatever that if the saloons had not been closed the liquor bill in the United States could have been double this amount in 1920, due to increase of prices."

Mr. Pickett thus places the direct annual saving at \$4,000,000,000 and estimates that the "indirect or consequential savings due to increased efficiency, and the savings which has permitted mass production and has stimulated consumption" is as much more.

Senate Passes  
Bill Providing  
Appeals Court

SACRAMENTO, May 16. (Exclusive)—A new District Court of Appeals designed to relieve the crush of business on the Third District is provided in a bill by Senator George H. Young, introduced yesterday and sent to Gov. Young. The bill excludes Los Angeles from the district but takes in all other Southern California counties as well as Nevada, Idaho, Montana and parts of South Central California.

Headquarters of the court will be in Fresno. The Governor is to appoint the Justices pending the election. The bill was put in under authority conferred by a constitutional amendment passed last November.

Chinese Bandits  
Free Missionary

HANKOW (China) May 16. (P)—Advice received at Hankow today reported the release by bandits of Rev. Harry A. Schwendener of Chicago, a missionary for the Christian and Missionary Alliance.

The advice stated that Mr. Schwendener and Rev. Edgar Truman of Boone, Iowa, who were kidnapped on April 23, last, near Sungao, Kwelchow, were held captive in a cave where they were tortured. A ransom of \$25,000 Mexican was demanded. When this was not forthcoming, Mr. Truman was released on April 25 and the kidnappers tried to obtain \$600 Mexican. When this also was not forthcoming Mr. Schwendener was released last Monday.

REHEARING TO BE ASKED  
SACRAMENTO, May 16. (Exclusive)—A fine must be saved to the Forum of the Transmigrating Riot leaders from the gallows, said J. Henderson, legal counsel for five of the six defendants, announced today that he would file a petition for a rehearing in the Supreme Court before the 20th inst. The court recently denied the appeal of the men.

ARMY AIR-FIGHT  
HONORS EVENEDBoth Blues and Reds Suffer  
Theoretic LossesMany Bombers of Former  
"Destroyed" by Foo"Battle" in Ohio Area Calms  
Only to Resume Today

WRIGHT FIELD, DAYTON, May 16. (P)—Aerial bombardments by the Blue army on important sectors of the red nation in the vicinity of Columbus and a counter-offensive by Red bombs on strategic enemy territory inflicted about equal damage to the two sides as they got into the thick of their bloodless warfare today.

The first battle occurred over Norton Field, Columbus, early this morning, when the Red officers were taken unaware by a lone bomber of the Blue army, and bombers and the last entanglement before dark took place at Wright Field in a surprise attack by Red aircraft.

## BLUES SUFFER HEAVILY

Although they suffered losses the Reds drove off the Blues from Norton Field and both sides claimed the victory. But in the combat the Blues suffered heavily, losing 25 per cent of the big bombers that were quartered here.

The Blue air squadrons had just returned to Wright Field about 3 p.m. to check this afternoon from Newark, O., where they bombed one of the important cities of the Red nation inflicting damage as yet to be ascertained. The pilots had put away their ships for the day and had gone to rest when twenty-one Red bombers appeared in an array of fire bombs.

## ALL QUIET FOR THE DAY

Zooming down over the airport they dropped forty 300-pound bombs on the almost defenseless Blues and crippled their bombardment equipment. The Blue ground forces countered with fire from 30-caliber machine guns but did little damage.

Such ammunition as 30-caliber machine guns and 300-pound bombs are the kind without any "kick" in them except as specified by the umpires of the war.

Losses of men and airplanes are imaginary but the size of the attacking force and the strength of the opposing armament is real for the planes that are "shot down" and the men "killed" are ruled out of the combat for twenty-four hours, the period which would ordinarily be required to replace them.

After today's quiet, everything that will wait on the front line that divides the Blue west from the Red east. The Blue army sent out some ships on reconnaissance flights late today but no more battles are expected before noon tomorrow.

DATE SET FOR LONG  
NONSTOP REFUELING HOP

DAYTON (O.) May 16. (Exclusive)—The 2nd inst. was fixed definitely today as the date upon which a Keystone bomber will be flown in a nonstop flight from this city to Belling Field, Washington, New York City, and return.

The plane will be piloted by Lieut. Eugene L. Luban, assisted by Lieut. Eugene L. Luban. Assigned to the crew personnel are Bradley Jones, who will act as navigator; Second Lieutenant Ford L. Fair, manager of Field, Virginia, who will be in charge of the twin refueling operations over Belling Field; Second Lieutenant Robert L. Bremer, Ninety-sixth Bombardment Group, and Sergt. W. J. Simons, Forty-ninth Bombing Group. Mr. Jones, the civilian member of the crew, is a pilot aviator at Wright Field, Dayton.

Capt. Ross G. Hoyt, who piloted refueling plane No. 1 during the endurance record flight of the Question Mark to Japan, will pilot the plane which twice will be used to refuel the master ship over Belling.

Welsh Leaves  
Most to Welch

SAN FRANCISCO, May 16. (Exclusive)—Filing today for probate of the will of the late John C. Welsh, once widely known as a boxing referee, disclosed that he and his brother, Congressman Richard J. Welsh, have spelled their names differently for years.

The will also disclosed a codicil to the will which twice will be used to refuel the master ship over Belling.

Wife Divorces  
Nevada Banker

RENO (Nev.) May 16. (P)—Mrs. George Wingfield, wife of George Wingfield, Nevada banker and mining man, was granted a divorce this afternoon on the ground of desertion.

The suit was filed originally in June, 1927, but had not been pressed.

Presbyterians  
Pick Alabaman

MONTREAT (N. C.) May 16. (P)—Rev. William R. Robins, pastor of the South Highlands Church, Birmingham, Ala., was unanimously elected moderator of the assembly of the Presbyterian Church in the United States here today.

The election was held in the Forum of the Transmigrating Riot leaders from the gallows, said J. Henderson, legal counsel for five of the six defendants, announced today that he would file a petition for a rehearing in the Supreme Court before the 20th inst.

PERIL BLOCKEDWay Opened for House and  
Senate to ConferDifferences Expected to be  
Smoothed OutDetermination Shown for  
Avoiding Fight

WASHINGTON, May 16. (P)—The way was opened today for a conference between the House and the Senate to smooth out the differences that have arisen over the insertion of the export debenture plan in the farm relief bill by the Senate.

The House Rules Committee approved a resolution to send the measure to conference, but bearing in mind that it believes there is a question as to whether the Senate has infringed upon the rights of the House under the Constitution to initiate revenue legislation.

Speaker Longworth said the resolution will be taken up in the House at the opening of tomorrow's session. Under the rules one-hour debate will be permitted on the adoption of the rule and it will be subject to a majority vote.

Representative Garner of Texas, the minority leader, said he is opposed to the adoption of the rule and referred to it as a "right vote on the incorporation of the debenture plan in the legislation."

The determination to avoid an open breach was reached after various members of the farm group had appealed to the leaders to refrain from pressing an amendment which might lead to a long delay in the enactment of farm-relief legislation.

Senate leaders also urged them to permit the differences to be ironed out in conference.

My New Exquisite Home  
Amid Exclusive Surroundings  
Beautiful Ocean View and Trees

I wanted the home pictured above to interpret my conception of the ideal and I commissioned Pierpont and Walter S. Davis, well-known architects, to design it for me. I wanted to make it the most outstanding and complete home for its size in Southern California—and all who have seen it marvel at its charm and splendor. Only the finest of materials, after utmost scrutiny, have entered into the construction. Every practical feature of modern necessity is included.

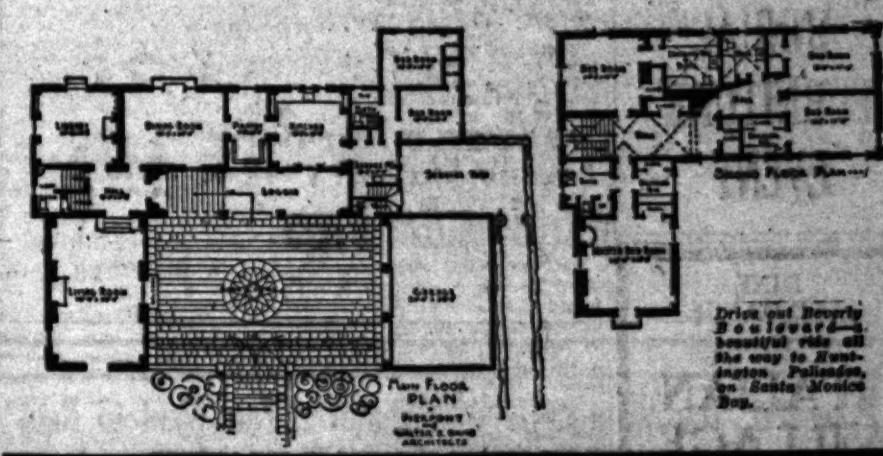

I selected the site for it in Huntington Palisades on Santa Monica Bay because I believe this to possess incomparable natural beauties and complete isolation from detracting encroachments, though easily accessible.

For those who want a home of four commodious, sunny bedrooms, and three tiled baths, also quarters for two servants, a large basement, 72 ft. by 16 ft., and space for three cars—this is really a most outstanding value.

It is open for inspection and complete information may be obtained from the Santa Monica Land & Water Co., Huntington Palisades, 14800 Beverly Boulevard. Phone Santa Monica 21454.

## CHARLES WAKEFIELD CADMAN

—one of America's most eminent composers—known the world over for his justly famous melodies. Forest Lawn Memorial Park is honored in presenting Charles Wakefield Cadman in a radio broadcast consisting entirely of his orchestral, vocal and instrumental compositions. Mr. Cadman will personally direct the program, assisted by the symphony orchestra and artists of KHJ, and will also play several of his piano compositions. Tune in the Cadman Hour—

## KHJ 8 TO 9 TONIGHT

Preserved amid surroundings of transcendent beauty, the works of genius will be enjoyed by countless future generations in Forest Lawn Memorial Park. Here they will view the glimpses of life and beauty of great souls,—glimpses which they symbolized in the great works of art that have been given permanent place in the noble buildings and upon the broad green slopes of America's most renowned Memorial Park. You are invited to visit Forest

Lawn Memorial Park. Its gates are open to all from eight o'clock in the morning to five o'clock in the evening. Here you will find a place of peace and beauty, different in spirit and form from any Memorial Park built heretofore.

A beautifully illustrated Art Book, "Chimes," descriptive of the works of art in Forest Lawn, may be obtained by sending 25 cents to partially cover printing cost. A frank booklet, "The Truth About Burial Customs and Costs," will be mailed free on request.

Antics of Broadcast Told as Engineers Meet

(Copyright, 1929, by the North American Newspaper Alliance.)

WASHINGTON, May 15. (Exclusive)—Only the most optimistic experimenter can suppose that radio programs or signals are being received from the earth by the people of Mars—if Mars is inhabited. Although radio scientists are unwilling to assert that any forms of communication along radio waves are impossible, this conclusion was quite definitely drawn by E. O. Hulbert of the naval research laboratory at a paper presented before the institute of radio engineers.

Purely on a scientific basis Mr. Hulbert finds that skip-distance effects of the far-reaching short waves and the ionization of the atmosphere of Mars would make impossible for radio waves to reach Mars.

**SHORTEST WAVES**  
The shortest wave for reliable long-distance radio communication is about forty-seven meters, with slightly greater values for winter and night. Because of the skip-distance of waves below 100 meters it would seem that conditions on Mars are not very advantageous for short-wave communication, he adds. Since the waves longer than about 100 meters will not pierce through the atmosphere of the earth, Thus Lieut. Apollo Soucek, the naval aviator who broke the world's altitude record, would probably have found reception on relatively long-wavelength waves quite difficult if he had bothered about taking a radio set in his plane when he climbed to a height of 39,140 feet one day last week.

The remarkable antics of the short waves occupied a large share of the attention of the radio engineers gathered at the annual international radio engineers convention.

**FEW OF PROBLEMS**  
One of the most important papers was that on strange phenomena of short-wave radio transmission prepared by Dr. A. Hoyt Taylor, radio chief of the naval research laboratory, in collaboration with L. C. Young, one of the laboratory's officers of civilian status. The paper suggests a few of the problems that still remain to be solved in the use of the short waves, now in tremendous demand for domestic and international radiotelegraph projects.

Dr. Taylor and Mr. Young point out that the layman, unfamiliar with what happens with the radio transmitter, might get the impression that the nearer one gets to a station the louder would be the signal received from that station. With the ordinary broadcasting station this is likely to be true. Yet some of the extremely long-distance radiotelegraph communicating now being done on wave lengths entirely outside the range covered by the ordinary receiver show certain strange effects.

For example, the paper says, it is possible with a short-wave transmitter, operating with considerably less power than is ordinarily used for broadcasting, to have its transmission from New York picked up with such volume in Australia that it may be heard at the end of a long road.

Reception by the Byrd Antarctic expedition has been consistently good on short waves used with relatively low powers.

**IT'S "SKIP-DISTANCE"**  
At the same time, however, the signals from this transmitter might not be picked up at all in various places less than 500 miles from the transmitter itself.

This effect in radio is known as skip-distance effect. It is caused because operating on the short waves a considerable amount of trouble in bringing about effective communications systems covering short distances. It is likely to cause the several radiotelegraph projects now aborning much trouble. Naval-aeronautics scientists led by Dr. Taylor, are devoting much attention to this problem. Much has been learned from the amateurs and from the extensive army network, but much more remains to be learned.

**Bill Provides Roads to Curb Forest Blazes**

WASHINGTON, May 16. (AP)—An appropriation of \$4,000,000 to aid in prevention of fires in national forests by construction and improvement of roads and trails, fire lines and lookout posts is proposed by Senator Cutting, Republican, New Mexico.

Previous appropriations, he said, "have centered on fire suppression with but meager funds for fire prevention, which is acknowledged to be the crux of the fire problem."

His bill also contains a provision for yearly expenditures of \$200,000 for construction of range improvements in the forests to enable the use of the ranges and to make possible development of new forage areas for grazing stock.

**Knights Again Pick Mackenzie**

YOSEMITE, May 16. (AP)—In a spirited contest for the ranking office to be chosen by the Knights of Columbus convention in session here today, Robert A. Mackenzie of San Francisco was re-elected State deputy with 108 votes, while John Donehue of Chico ran second with 94.

This is the third successive election of Mackenzie to the office. Manuel S. Lopez, Jr., Glendale, was elected secretary; William Sosice, Los Angeles, State treasurer; Ivan Marovich, San Francisco, State advocate; and W. B. Fitzpatrick, San Luis Obispo, State warden. Catalina was elected as the 1929 convention city.

## Summer Guests!

Summer guests are arriving, and the thoughtful hostess insists on comfortable equipment for the guest room, cool and attractive table settings — everything to make even the most fleeting visit one that will long be remembered!

Let Barker Bros. help you make their visit pleasant

## The Guest Room

### COLORFUL AND COMFORTABLE IN ITS SUMMER WELCOME

The perfect hostess maintains that the guest room must be bright and gay: must be the ultimate in comfort—a temporary but charming home for summer visitors.

### Blankets in Color, Each \$3.50

In peach, blue, green, gold, rose or orchid to harmonize with any room ensemble, to charmingly convey your thoughts to your guest! Wool and cotton mixture for warmth without weight. Bound with a wide sateen binding for the last attractive touch! Excellent value at \$3.50 each.

### Summer Weight Comforts, \$12.50

Wool-filled comforts! Just the right weight to throw over the end of the guest room bed for chilly summer nights. Covered in dotted or figured mull, both smart and practical. A real value. Now only \$12.50.

### Colored-Border Sheet Sets, \$5.00

Sheets take to color, and every fashion-wise guest room loves how attractive are these Pequot sets with borders in blue, green, orchid, rose or maize. 1 sheet, 2 cases, full size \$5.00; twin size \$4.50. A guest room requisite!

### Rayon Bedspreads in Color, \$4.95

Famous Bates rayon bedspreads in jacquard design come in gay colors, too. Twin size \$3.95; full size \$4.95. Just the thing for Summer guest rooms.

THIRD FLOOR

## The Table

### HOSPITABLE AND HOMELIKE FOR SUMMER ENTERTAINING

Your table reflects your hospitality, is the acid test of just how successfully you fulfill all requisites of the perfect hostess. The proof of the pudding is not necessarily in the eating, but in the attractive and interesting arrangement of your table service.

### "The Stanton," 32 pieces, \$14

Proving that smart dinner services need not be expensive comes "The Stanton" in Alfred Meakin's famous English ware. Hand-painted ivory border with gay yellow tracings. 32 pieces \$14. Service for six.

### Amber Glass Tumblers, Doz. \$7.75

Continuing its devotion to the ensemble theme, the summer table uses these amber tumblers. The soft golden color is quite in harmony with the coloring of "The Stanton" dinner service. Footed types—smart, of course!

### Amber Salt-&Peppers, Pair \$1.50

Even the smallest accessory in the well-planned table is part of the ensemble idea. Imported salt-and-peppers in amber cut glass are new and very fashionable. \$1.50 the pair.

RECALL UPHELD  
AT LONG BEACHSupreme Court Orders Vote  
on Four CouncilmenPetitions and Signatures  
Declared ValidCity Clerk Performed Duty,  
Decision States

SAN FRANCISCO, May 16. (P)—The State Supreme Court issued a writ of mandamus today to compel the City Council of the city of Long Beach to hold a special election to vote on a proposal to recall four city councilmen.

The case was brought to the Supreme Court by Henry Othmer, who was attorney for the recall. The Councilmen opposed issuance of the writ on the grounds that the City Clerk's certification of 2,500 signatures on a special petition was invalid and that the signature of the petitioner had not affixed his name to the original document. The Council also attacked the sufficiency of the certificates contending he had not compared the signatures with the county register.

HOLD IT "REGULAR"

The Supreme Court said with reference to the contention that the petition was invalid because it originally had not been signed by the original voter, "We are of the opinion that there is no question of law involved in the law in all of the steps leading up to presentation of the petition to the Council."

With regard to other claims that the petition was invalid the court said the document was "regular on its face."

"There was no bad faith, fraud or mistake on the part of the City Clerk," the decision read. "He appears to have performed his duties regularly under the law and his decision is final, conclusive and not open to attack."

The Council also had attacked a section of the Long Beach city charter holding there was no provision for a method of procedure to determine whether the originating petition had been signed by the required number of voters.

WAS NOT FATAL

This assertion, the court ruled, was not fatal to the validity of the charter provision as it would be naturally assumed the clerk would

THE CAT CAME

Rescuer Just Lays  
Paw Out

REGINA (Sask.) May 16. (Exclusive)—Forty-eight hours after it had been electrocuted, a cat taken from the top of an electric pole, came to life again. Charles Letrout, North Portal farmer who attempted to rescue the animal, was killed. In its flight, the cat reached for the high tension wire, the current passing through its body to the man. Both were believed dead, but today the feline is as lively as ever.

EMPLOYEE MEANS AVAILABLE TO  
DETERMINE THE FACTS BEFORE CERTIFYING TO  
EMPLOYER

The Council also contend that persons employed by the clerk to compare the signatures on the petition were not authorized deputies. The employment of these persons, the court ruled, was valid, as the clerk might not have been large enough to complete their duties within the time allowed under law.

EX-GOVERNOR TESTIFIES

John Watson, tax expert of the Illinois Agricultural Association, asserted that the increase in all taxes is twelve times greater than the population increase and eight times that of the property value increase during the last twenty years.

"The increase of the income of the people comes from property which pays 90 per cent of the State's taxes," he said. "This situation raises the question, 'how much longer can the people keep going? How long before the people can the people hold property on which they cannot pay taxes?'

CONTROLS NECESSARY

The consensus of the conference group is that a comprehensive system of budgetary control of tax expenditures will be necessary before the uncontrolled spending of the public funds will be halted. A system of such control will be advocated to start with the local government and spread state-wide in application through the whole system of commonwealth and Federal tax spending and levying bodies.

The final action of the body will be to select a committee on action to draw up a means of carrying into effect the conclusions of the experts after submitting the report to the annual meeting of the federation for approval.

WICHITA FALLS (Tex.) May 16. (P)—One prisoner was shot to death and two others wounded when four men in the Wichita County Jail rushed their jailer today in an attempt to escape.

Raymond Sellers, 28 years of age, and W. C. Cox, 26, and C. W. Bruner, 21, were wounded. W. W. Allen, jailer, suffered minor cuts and bruises.

## WHY?

No single organization may claim the credit for the low rates prevailing for electric service. Many organizations and industries have helped to make low electric rates possible. Like all other prices, electric rates respond to economic causes. In the present series of statements we shall discuss some of these causes briefly.

**CANADIAN RUM TRAFFIC GROWS****Persistence of Smuggling Shown in Correspondence****United States Wants 1924 Treaty Amended****Dominion Reluctant to Deny Shipment Clearances****WASHINGTON, May 16. (UPI)—**Rum-smuggling from Canada continues to increase despite all efforts of the American government, with the assistance being given by the Canadian government, to prevent it.**The persistence of this situation is disclosed in diplomatic correspondence between the two governments over a period of more than three years and a report on the smuggling conference held in Ottawa last January, made public today by Secretary Stimson.****The correspondence shows that the American government convinced the only effective means of dealing with the smuggling problem along the border is by amendment of the antismuggling treaty of 1924.****The increase in the liquor smuggling traffic across the border shown in statistics contained in the correspondence. During the two years which ended June 30, 1928, the American prohibition and customs officials confiscated 634 boats and 864 automobiles used for carrying liquor from boats, 46,594 cases of beer, 244 barrels of beer, and 16,500 cases of whisky.****In the last six months of last year, as compared with the previous two years, 117 boats, 46,076 cases of beer, 4576 cases of whisky, and 372 automobiles were seized. The amount of liquor smuggled was not more than 5 to 10 per cent of the total liquor smuggled into the United States across the Canadian border, it was stated.****At the Ottawa conference, the Canadian delegates showed readiness to issue more stringent laws to combat the anti-smuggling treaty, but were inclined to foresee difficulties in any attempt to refuse to allow liquor to be cleared from Canada to the United States.****CANADA OFFER NOT ACCEPTED****OTTAWA (Ont.), May 16. (UPI)—**The Canadian government's offer to allow the United States to place officers on the Canadian side of the border to obtain information on liquor shipments was not accepted. It was disclosed today when documents covering the January conference of officials of the two countries were tabled.**Instead, the United States representatives, who had the same effective method of dealing with the problem of liquor smuggling as denial of clearance by the Dominion government.****The Canadian report says the Canadian delegation told the American delegation that difficulty as to liquor smuggling into the United States is, of course, not of Canada's making, but is incidental to the fact that the United States is following a different method of attacking the proper control of intoxicating liquors.****The United States has adopted a system of national prohibition whereas seven of the nine Provinces of Canada have adopted a system of local control, but both are under provincial government control.****"The problem would practically disappear," the report says, "if the United States adopted a system of legalized sale of intoxicating liquors if the Canadian Provinces adopted complete prohibition."****"Do long as the two countries maintain their different domestic policies," the Canadian delegation said, "it is inevitable that along the 2,000-mile frontier, with a legal supply on one side and an illegal but persistent demand on the other, smuggling will remain though it might be shifted or lessened."****The Canadian delegation said that so far as could be gathered from estimates of the United States authorities the amount of liquor smuggled from Canada "is apparently a very small fraction of the total supply available in the United States."****"The problem would practically disappear," the report says, "if the United States adopted a system of legalized sale of intoxicating liquors if the Canadian Provinces adopted complete prohibition."****"Do long as the two countries maintain their different domestic policies," the Canadian delegation said, "it is inevitable that along the 2,000-mile frontier, with a legal supply on one side and an illegal but persistent demand on the other, smuggling will remain though it might be shifted or lessened."****The Canadian delegation said that so far as could be gathered from estimates of the United ## FILIPINOS NOT SURE ON DAVIS

**Prospective Appointment Disappoints Many**

**Acting Governor-General's Friends Outspoken**

**Return of Military Regime Feared Mostly**

**MANILA, May 16. (Exclusive)**

The prospective appointment of Dwight F. Davis, former Secretary of State, as Governor-General of the Philippines has been received with mingled feelings, although the Filipinos generally express disappointment, especially the Nacionalistas, or majority faction, while Democrats leaders feel satisfaction that a civilian will return.

On the other hand, supporters of Acting Governor-General Eugene Gilmore assert it is but a return of military domination with an indefinite delay of independence. Business men generally, and especially Americans, express satisfaction, considering Davis a better man than any other yet mentioned, but having little knowledge of the Philippines though being well informed on the general American policy toward the islands.

Although Manuel Quezon, president of the Senate, and other leaders are unwilling to express themselves freely, Senator Quezon issued

## ADAMLESS EDEN WASN'T SO HOT, WOMEN DECLARE

**STREATOR, Ill., May 16. (Exclusive)—Eden without an Adam is nothing to write home about. A number of women members of the La Salle County Home Bureau, who established an Adamless Eden in a sylvan retreat near this city last summer, admit one trial was enough and the camp will not be reopened this year.**

One reason ascribed for the abandonment of the project was that there was too much work entailed; another was that it was too much like life on the farm to make it appear a vacation. There were no

motion pictures, no window shopping and—no men.

Last year the women who built the Eden not only left their men behind but also left their children, cats, dogs, etc. During the four days' camp not one of the ever touched a dirty dish or a dish cloth. There were forty of them and they had girls employed to do the laundry. When they turned last year they were highly enthusiastic, but this thin camouflage failed to survive the winter and now they admit they will not repeat the experiment.

A formal statement quite different from the private conversations of himself and other Nacionalistas. Their disappointment is heightened by the elimination of Mr. Gilmore, who has been able to obtain certain co-operation.

All said Mr. Davis is a man of ability and has other sterling qualities but feel it will be a continued military dominance with an indefinite delay of independence. The same communication admit the Philippines is not ready for independence but that the time is ripe for an American direction makes for confidence that America will more than carry out its pledges.

### SECRETARY GOOD THINKS DAVIS WILL ACCEPT OFFER

**WASHINGTON, May 16. (P.T.)—Secretary Good expressed confidence today that former Secretary of War Dwight F. Davis will accept the**

post of Governor-General of the Philippines Islands which has been offered him by President Hoover.

Secretary Good has been in communication with Mr. Davis, who is in St. Louis, and received a telegram from him today. The Secretary said the telegram did not contain an acceptance of the offer.

Senator Cummins and Speaker

Roxas of the Philippines who are

in Washington in connection with

tariff matters, expressed pleasure at

the news of the coming of former

Secretary Davis and indicated that

they personally favored the appointment.

### ENGLISH FORD PLANT STARTED BY EDELMAN

## CONVENIENCE OF A GENERAL ELECTRIC REFRIGERATOR

The initial investment necessary to secure an All Steel General Electric Refrigerator is soon absorbed by the economy effected on the food problem. Foods may be purchased in large quantities and therefore much cheaper. Waste by spoiled foods is almost entirely eliminated. Let our refrigeration expert explain these and other important features. Photo TR 1331. Twelve models to choose from. A size and price for every home. The Pamelee-Dohmann Co. Easy Payment Plan is another convenience that should be considered when selecting a General Electric Refrigerator. A small payment down—the balance spread out into monthly payments convenient to your budget.

THEY  
BAKE  
BETTER

**JEWEL RANGES**  
The Detroit Jewel patented oven circulator. "They Bake Better" the porcelain oven linings, reactive dial burner controls, ornate cabinet front, cover top, automatic oven heat control, some of the outstanding features of this splendid range, sold from \$99.50 to \$147.50.

### AMERICAN ARMS DATA PRAISED

State Party Leaders Go on  
Board for Cuts  
Under Budget Pictures  
Country Dismayed

Lord George  
Delighted Theme

On the General Tribunal—  
London, May 17. (UPI)—  
The British government has  
reached an agreement with  
France, effective June 1, next,  
under which the fee for visas  
issued to Americans visiting  
France or French citizens  
visiting America is reduced  
from \$10 to \$2.

The visa will be valid for  
two years instead of one as  
heretofore.

It has been utilized at once as the  
reason for a satisfactory disarmament  
agreement. Complete agreement  
between the United States and Great Britain is now possible  
and should be reached as soon as  
possible.

David Lloyd George stated that  
the Liberal policy favored not only  
disarmament but reduction of armaments  
according to the idea outlined by the United States while he  
was earnestly desirous of developing  
the friendliest relations possible  
without disturbing that local self-  
government which is fundamental to  
the success of the nation."

## WILBUR PLANS EDUCATION AID

Hoover Asked to Appoint

## THEFT CREATES CANCER SCARE

Pen of Chickens Infested  
With Germ Stolen from  
Institution

LONDON, May 18. (Exclu-  
sive)—There is a cancer scare  
in the neighborhood of Elstree,  
where Lister Institute is located,  
because thieves broke in and stole  
a hen and eighty chickens which had been in-  
cubated with cancer germs. Officials of the institute deny  
there is any danger of the cancer spreading because they  
do not believe the disease could  
be transmitted even if the fowls were cooked and eaten,  
but they took sufficiently serious  
views of the matter to inform Scotland Yard.

NEW OFFICERS ELECTED  
HANFORD, May 18.—The King  
County Wild Life Conservation  
Association Directors organized last  
evening by the election of Ben  
Vienna, president; Ray Newport,  
vice-president; and Manuel Lewis,  
secretary-treasurer. Directors for  
the current year are W. H. Gipper,  
Robert High, Armona; Fred North,  
Corcoran, and F. C. Krookoff  
Hardwick.

## WAR-DRAFT BILL FIGHT RENEWED

Senator Reed Wants Early  
Action at Washington

Conscription of Capital as  
Well as Men Urged

Department Measure Scored  
by Brookhart

WASHINGTON, May 18. (UP)—  
Secretary Wilbur announced today  
that he has requested President  
Hoover to appoint an advisory com-  
mittee on education to work out a  
program to be recommended to  
Congress which will permit the  
Federal government to render the  
greatest possible degree of service  
to education.

Dr. Wilbur said he believes the  
committee should be composed of  
representatives of the great educa-  
tional organizations and others in-  
terested in education and that it  
should consider all phases of the  
subject. He advocated a plan which  
will permit the government to ren-  
der the greatest possible service  
without disturbing that local self-  
government which is fundamental to  
the success of the nation."

"It is a Mussolini measure," he  
said.

Read declared that the last war  
showed the unfairness of drafting  
men without calling upon meat man-  
ufacturers to do their part.

"The next war must see no  
profligacy," he said.

"I don't know how I'd  
get along without my

## Zerozone Lifetime Refrigeration"

THAT'S what thousands of women  
say about ZEROZONE once they have  
experienced its joys and conveniences.  
These satisfied owners would as soon  
part with their kitchen ranges as be  
without ZEROZONE.

The modern woman knows from experience  
that ZEROZONE is not just a refrigerator,  
but a major housekeeping aid.  
Realizing that a refrigerator is per-  
haps the most important piece of ser-

vice equipment in the home, ZERO-  
ZONE is precision built from start to  
finish—it is made to perform exceed-  
ingly well over a long period of time.  
And only the finest materials are used  
in its construction.

Designed by leading engineers and  
built by skilled craftsmen, it is as nearly  
perfect an automatic refrigerator as it  
is possible to produce. For years its  
strength and beauty will endure.

COME in TODAY and SEE the new ZEROZONE  
There's a model here to fit your kitchen and your purse

## Frigidaire announces Lowered Prices on Frigidaire equipment for stores and restaurants

Get the facts at our showroom

Your present walk-in cooler  
will be replaced with Frigidaire  
and will cost far less to refrigerate  
than the one you've  
been using.

When your present display  
cases are converted automatically  
to Frigidaire, they can be  
placed to afford the greatest  
possible protection to your  
merchandise. The  
problem of icing is gone.

BECAUSE of its tremendous increase  
in business, Frigidaire Corporation  
is now able to announce new low prices  
on Frigidaire equipment for stores and  
restaurants.

You'll be surprised to learn how little  
it costs to have Frigidaire installed in  
your present walk-in cooler,  
display cases and com-  
mercial refrigerators. Not  
only that, you make these  
fixtures more efficient...  
add years to their life...  
get from them all the ser-  
vice you bought.

At the same time you end ice bills  
and spoilage losses; spend less for more  
food and keep it better and longer; in-  
crease trade and net profits. Others do  
these things. So can you! And now's  
the time to do it.

Call at our showroom. Ask about the  
Frigidaire Unit System.

Learn how you can enlarge  
your installation at any  
time by adding more units  
to the original equipment.  
Get all the facts...the prices  
and General Motors terms.  
Stop in or phone today.

This Frigidaire Cooling Coil  
effortlessly removes the heat  
and humidity of 12 cubic feet  
in a year. It's half as many  
Frigidaire Coils.

**Advocates Hold Floor in House Debate**

## SUGAR TARIFF GIVEN INNING

**Higher Cuban Duty Declared Fully Justified**

**Charges of Child Labor in Utah Fields Denied**

**WASHINGTON, May 16.** (P.T.)—Advocates of the proposed higher tariff of 240 cents a pound on Cuban sugar had their innings today in the House as the first week of general debate on the Republican tariff bill ended.

The measure is not expected to be taken up for amendment until next week.

Representatives Colton of Utah, and Leavitt of Montana, both Republicans, contended the proposed increase of 44 cents in the sugar duty was justified and contended that the principal agitation against it emanated from Cuban interests through their connection with the United States Sugar Association.

### CHILD LABOR DENIED

Charges of the sugar-beet growing States employed mostly Mexicans and had made many children in the fields were denied by Colton, who declared that foreign labor was hired only as a last resort. Utah is just as jealous of its child-labor laws as any other State, he added, adding that statistical reports set forth the employment of children in the beet fields had been disproved.

Leavitt argued that the increased sugar duty would have a tendency to stabilize prices to the consumer instead of increasing them.

During Colton's appearance, Representative Garner of Texas, minority leader, declared the high sugar protectionists had better accept a compromise for they did not have the strength to put over the due tariff.

He stressed moreover, if he got the opportunity he would offer an amendment designed to stabilize the price of sugar at around 85 cents a pound throughout the country by making the sugar tariff effective after the price of Cuban sugar dropped below 480 cents at New York.

### DEBTURIST INJECTED

Whenever the price declined below the 480 cent mark, Garner explained, his proposal would call for a tariff to equalize the difference between that price and 480.

The controversial export debture measure of the Senate farm-relief bill, which most Democrats say they will attempt to incorporate in the tariff measure if it is ultimately eliminated from the farm bill was injected into the tariff debate by Representative Ragon of Arkansas, a Democratic member of the Ways and Means Committee.

"I'm not hot on the debture plan," he said, "but to make the tariff effective on agriculture that is the solution. You may call it a bounty, but it will bring relief to the wheat and cotton farmer."

Representative Cooley of Ohio, a Republican member of the committee, declared the more the Democrats talked about the bill, the more he was convinced it was a "perfect" measure.

**HIDE DUTY OPPOSED**

It opposed a duty on hides, which are left on the free list in the Hawley measure, but said if a tariff were placed on them, a levy not only on the industry but protective should be placed on leather and shoes, also now free.

Proponents of leather and shoe tariffs took their case before the Republicans who framed the bill, along with other House members, are working for amendments carrying duties above those provided in the measure on agricultural products.

Representatives Andrews of Massachusetts, and Clarke, New York, Republicans, urged that shoes be transferred from the free list but left it to the committee to work out the rates on a percentage basis.

Representative Cooley, Republican of Iowa, sought protection for leather while western Republicans appeal for taxes on hides and higher duties on live cattle.

Representatives Dickinson of Iowa and Burtress of North Dakota, Republicans, requested that cattle on the free list be made dutiable at 2.5 cents a pound below 800 or 700 pounds in weight, and at 3 cents a pound above that figure. These rates would compare with the present duties of 15 cents on cattle weighing under 1000 pounds and 2 cents above that weight.

### FREE WILL SEEK CHANGES ON FRUIT

**WASHINGTON, May 16.** (Exclusive)—Tariff scholars not satisfactory to California agriculturists' interests will be taken up here again tomorrow when Representative Free will go before the Republican members of the Ways and Means Committee, asking for an increased tariff on dried cherries, prunes, tomato paste and canned tomatoes.

While dried cherries come under the same classification as fresh fruit and are subject to a 2-cent-a-pound duty under the new tariff bill, Mr. Free stated today that the tariff should be adjusted on a ratio of 100 pounds of dried fruit to one pound of dried cherries. This would give a substantial advance in duty to the California cherry growers though no definite rate was announced today. Mr. Free will also ask for an increase of from 1 cent to 2 cents a pound on prunes, a duty levied on other dried fruits.

Canned tomatoes received a rise from 15 per cent to 25 per cent in the Hawley tariff bill. Mr. Free said he would ask for an increase over the 40 per cent mark and insist on the duty being raised to that figure if the additional increase was not granted.

Representative Craig of Los Angeles received a long telegram from the fish canners of California today protesting the placing of fish meal on the free list. Reasons for the protest stated that fish meal

## VACCINATION ON HIP SHUNNED

**Paris Women Regard Fear on Arms as Less Complicated**

**PARIS, May 16. (Exclusive)**—Doctors who are vaccinating the Paris smart set against the smallpox scare from England declare the majority of chic women now prefer inoculations on the arm instead of the thigh. The patients explain that with the modern styles in short skirts and one-piece bathing suits the legs are no longer hidden and must be taken greater care of than the arms.

\*\*\*\*\*  
offers the California cannery a very necessary profit as a by-product commodity. The former tariff act provided a 20 per cent ad valorem duty on fish meal. The cannerymen stated that foreign competitors, paying low prices for fish meal remains the free fish meal one of the best sellers of the State since the telegram. Those signing were the E. B. Gross Canning Company, the San Carlos Canning Company, the Delmar Canning Corporation, the Monterey Canning Company, the San Prides Canning Company, the K. Hovden Company and the Custom House Canning Company.

## Sister Identifies Body of Desert Murder Victim

**PHOENIX, May 16. (Exclusive)**—The body recovered yesterday from the Arizona desert near Beardsley, Ariz., was identified late this afternoon as that of Jack Martin, Mesa salesman, missing from his home since April 28. Identification was made by a sister of the dead man, who after seeing his clothing and a diamond ring he was wearing, declared it was her brother. The body was recovered after Richard Burrows, in a Denver jail, had told officials that he killed Martin and described the spot where the body was hidden.

Sheriff Wright of Maricopa county, left tonight for Denver to return Burrows to Phoenix for trial on a charge of first-degree murder.

### ARIZONA RIVER BOARD DUE TO MEET TODAY

**PHOENIX, May 16. (P.T.)**—The Arizona Colorado River Commission will meet here tomorrow morning for final discussion of this State's river problems prior to its trip to Washington to attend further sessions of the tri-State conference on the 28th inst.

## SAN FRANCISCO AIDS OUTLINED

**New Chamber Head Tells Expansion Program**

**SAN FRANCISCO, May 16. (P.T.)**—A bill proposing to re-establish capital punishment in Michigan was vetoed by Gov. Green today. The Governor in his veto message said the measure justified a popular referendum.

## SENATE DEADLOCKED ON POST FOR LENROOT

**WASHINGTON, May 16. (P.T.)**—Senate failed to reach a decision today on the nomination of Irvine Lenroot, of Wisconsin, Senator to be a member of the Court of Customs Appeals and will return consideration of it tomorrow.

Robert Newton Lynch continues as manager.

## Michigan Vetoes Death Penalty

**LANSING (Mich.), May 16. (P.T.)**—A bill proposing to re-establish capital punishment in Michigan was vetoed by Gov. Green today.

The Governor in his veto message said the measure justified a popular referendum.

## AIRCRAFT TOTAL SOARS SWIFTLY

**United States-Built Planes in 1928 Number 4346**

**WASHINGTON, May 16. (Exclusive)**—Airplanes, seaplanes and amphibian planes numbering 4346, valued at \$43,121,314, were produced in the United States during 1928 while 164 aircraft with a total value of \$1,000,000 were rebuilt or reassembled. In the meantime, according to a statement made public today by the aeronautics branch, Department of Commerce, based on voluntary reports from manufacturers representing approximately 80 per cent of capacity.

## S. P. Capital States Seen in Future

**Proposed Factory-Store Chain**

**Firms at Bakersfield Said to be Involved**

**Manufacturers to Sponsor Proposition**

**BAKERSFIELD, May 16.**—Possibly a \$100,000,000 furniture manufacturing merger on the Pacific Coast would take over several of the best three and probably four of Bakersfield's leading furniture stores if local manufacturers are involved.

It was learned here

the merger is at an early stage.

It is every indication the merger will be carried through within a few weeks.

The proposed merger is the Dornhecker Company of Porterville, Calif., said to be one of the best furniture manufacturers in the state.

The plan simmers

now of a chain of stores to provide a controlling chain of stores.

Under the proposed merger, it is expected that the Dornhecker Company will be either purchased outright or a controlling interest.

Whether the chain continues to operate all of its stores, or subsequently merge with others, is not mentioned in the contract.

The merger is the Hunt Company, J. F. Allard Company, Miners-Mc-

Broadway, Hill and Eighth

## THE MAY COMPANY SMART LUGGAGE GOES TRAVELLING THE ENSEMBLE WAY

# NEWS OF SOUTHERN COUNTIES

## GEM CITY PLANS FIESTA PAGEANT

Play by John McGroarty to Be Feature of Event

"La Golondrina" Selected as Attraction

Association to Promote Annual Celebration

**MONROVIA.** May 16.—Definite arrangements to bring "La Golondrina," John Steven McGroarty's colorful play of early California, to Monrovia next fall will be effected at a meeting next Monday between McGroarty and members of the Monrovia Fiesta Fiesta Association, respectively formed here last Saturday.

Monrovia's natural amphitheater in Clover Leaf Canyon will be the setting for "La Golondrina," and it is the intention of the association to make the play an annual event here.

It is planned to have a fiesta season a week to ten days, when Monrovia will hold open house. The streets will be gayly decorated and the citizens will wear Spanish garb and such day as the fifth will culminate with a performance of "La Golondrina" in the bowl in Clover Leaf Canyon in the moonlight.

McGroarty declares that the natural bowl here surpasses any natural amphitheater in Southern California.

He will arrange a brilliant program for the presentation of the play. Representatives of the old Spanish families of California will participate in the fiesta scene, and he will bring his entire troupe of Indians, gypsies, gypsies and others from the production.

Special pageantry is to be arranged by McGroarty. Horsemen will ride down the side of Gold Hill and Indians will appear from the mountains of Monterey, while groups of Spanish Californians will mingle through the crowds on the streets and in the canyon.

Walter E. Reife was elected chairman of the Fiestas Fiesta Association Saturday and a complete organization will be effected next Monday. The committee will finance the pageant through the sale of tickets. A nonprofit organization will be formed, the profits to be converted into a fund for the beautification of and maintenance of the bowl.

## Boy Scouts' Annual Rodeo

**ONTARIO.** May 16.—Caravans from La Verne, Claremont, Pomona, Fontana, Chino and Upland will converge upon Chaffey Union High School tomorrow evening when nearly 1000 Boy Scouts of Old Baldy Council, Ontario, and its three communities, will present their rodeo. Five thousand persons are expected to circle the athletic field to witness the spectacle, which is to be featured by a boyland participant in the Legion band to play a short concert preceding the rodeo, which is scheduled to open about 7 o'clock. Powerful floodlights and a public address system have been established on the field.

Previous plans for the boys' pitch camp on the athletic field on the grounds have been altered and this phase of the rodeo will be held the following Saturday, the 25th inst. Seven American Legion posts of the valley are sponsoring the rodeo and service clubs are giving great assistance in selling tickets.

## TWO-DAY FROLIC AT OCEAN PARK

**OCEAN PARK.** May 15.—Mardi Gras frolic, fireworks and a special program of entertainment will focus on the opening two-day public exhibition on the sprawling new \$500,000 Ocean Park pier extension Saturday and Sunday, when Claude L. Langley's sensational shoot-the-shutes will be officially inaugurated.

The newly completed addition to the pier now gives it a total extent of approximately 1100 feet from the water line on the beach, making it the largest amusement pier in the world, according to E. F. King, general manager of the Ocean Park Marine Corporation. Taking this significant stride in progress as his cue, Mr. King hopes that the famed beach institution of the pier opening will this year surpass in frolic and showmanship anything hitherto presented in the amusement parks.

Special programs have been arranged for the Egyptian ballroom and the plunge during the two-day opening festivity by George T. McCarthy, impresario for the pier. Throughout the day a rube band will blare on the beachway to set the tempo for the merrymaking, while eight fireworks and the eager effects playing on the rapids of the shoot-the-shutes will illuminate the scene of mazed whoopee.

## RED CROSS CHAPTER AT SAN GABRIEL

**SAN GABRIEL.** May 16.—A new chapter of the American Red Cross is being organized here following the dissolution of the Alhambra-Gabriel chapter after the opening of the district held in Alhambra. In future the two cities will function separately in Red Cross activities.

As soon as the local chapter is organized funds collected during the general call out in Alhambra-San Gabriel chapter will be appropriated. Arthur Jeffers, manager of the western division of the Red Cross at San Francisco, has been asked to aid in the formation of the new group.

San Gabriel was represented in the old chapter by Mrs. Alfred Wotkyns, Iris Stouffer, Conrad E. Hale, Harry Lane and Alex Barlow. The vacancies on the Alhambra board caused by the withdrawal will be filled at a meeting June 2.

## WOMEN DISCUSS LAWS

**California Voters' League Meet at Pasadena; Officers Nominated**

**PASADENA.** May 16.—Discussion of State legislation recently enacted at Sacramento as the result of the organization's work featured the meeting of the executive council of the California League of Women Voters at the Hotel Huntington today. Two important measures passed through the efforts of the league are the law providing for the creation of an institution for women offenders and the Shepherd-Towner Infant and Maternal Hygiene Act.

**GLENDALE.** May 16.—Acting orders from the Coroner's office, Detective Lieutenant Blake today launched an investigation into the death of Mrs. Virgil Dillard, 23, who succumbed to the effects of a quantity of poison tablets that she swallowed on the 1st inst., presumably with suicidal intent.

Death occurred today at the physician's office of Dr. George H. Reynolds, 1111 Raymond Court, said the woman had been a patient since she took the poison.

The woman's husband, N. K. Dillard, who now lives at 1121 Raymond Court, is said by the police who first investigated the case to have told them that his wife had committed suicide out of love and that she had married him of being involved in a love affair with another woman.

At the time the woman swallowed the poison tablets, presumably the entire twenty-four hour period, the contents of the house, two representatives of Hollywood Furniture concern had called at the Dillard home, which was then at 1007 Raymond Street, to collect for the furniture. While they were in the house, police declared, Mrs. Dillard was introduced to be named president of the general convention.

The annual election will be held Saturday, when Mrs. Julia C. Whitman, 31, of San Mateo, will be elected president of the State group.

The charges also allege that the plans for the high school gymnasium were officially approved by Knecht, who let the work proceed without checking progress of the work, so that the steel trusses were not designed in conformity to city ordinance.

**LACK OF NOTICE SAVES LOT**

Court Rules \$1000 Property Sale for \$37 Illegal Because Owner Was Not Informed

Failure of a street improvement bond buyer to notify legally the owner or occupant of property that he had purchased it at a treasurer's sale, prevented Estella F. Mulin of Inglewood from losing a \$1000 lot that had been sold for \$37.47.

The property was saved to the town, "against Mrs. Mulin by Dr. Y. Kelleman, asserted buyer of the improvement bond against the lot, who came before the court asking that the title be quieted.

He claimed he was informed by the plaintiff to prove that he had purchased the property June 8, 1926, for \$37.47 at a treasurer's sale following the defendant's defaulting in payments of the improvement bonds for the improvement bonds.

He was represented by Attorney J. Everett Brown.

Mrs. Mulin, represented by Attorney Marshall Simon, contended that even though Dr. Kelleman had purchased the property at a bond sale, he had no right to title to it for the reason he had not legally notified the owner or occupant or posted a notice of the sale. The court upheld her contention when it was proved that part of the proceeds were accounted for and the rest had not been posted, nor had the owner been properly notified of the sale.

**SETTLEMENT REACHED IN MAE MURRAY SUIT**

A settlement has been reached between Mae Murray, screen actress, and Ross Klein over a \$2500 property note which she had given with a pending suit was put off calendar in the court of Superior Judge Burnell. The action was brought by Ross Klein, to whom the note had been assigned, in connection with an insurance transaction.

**DECREASE IN BAIL DENIED MRS. GRIMES**

No Weight Given to Charge That Prosecutor Forbid Bonds

Callie Grimes' freedom from the restraining influences of a County Jail is still worth exactly \$20,000 today. The application of the central figure in the Councilman Carl L. Jacobson conspiracy case for a writ of habeas corpus, which she filed in the District Court of Appeals for a reduction of her bail of \$30,000, was denied by the higher court yesterday. She has been in jail since April 26, at El Paso, Tex., as a fugitive犯人.

Pointing out that it gives no weight or credence to the charge of her attorney, Leo Dase, made in open court at the recent habeas corpus hearing, that he knew of the attorney's having been informed by his employer, companies

of Appeals declared that "in fact

the attorney has known of the

attorney's having been informed

by the facts before the proper

tribunal," for the opinion states

"such conduct of the District At-

torney after an order admitting de-

fendant to bail, would constitute

contempt of court."

The attorney is, therefore, de-

nied and the petitioner ordered re-

mained to custody," the decision reads.

**LETTERS SENDER ADMITS GUILT**

Accorded of sending criminal let-

ters during the trial, George Ul-

ler, formerly a janitor at the Cali-

ifornia Preparatory School at Cov-

ina, pleaded guilty yesterday in

United States District Judge Hen-

ning's court. He is said to have

sent the letters to Frank L. Shad-

head master of the school. Ul-

ler will appear for sentence on Mon-

day.

**NEW CLASS TO OPEN**

Manual Arts Evening High School

has announced that new students

may enter the class in practical En-

glish as a new unit of work will be

given next Tuesday evening at 7

o'clock. This class is designed to

meet the needs of those who

wish to review business English,

business correspondence and spell-

ing in a practical way.

**GUATEMALA PLANE HAS TEST FLIGHT**

Latin-American Diplomats Take Trip Over City in Large Albatross

As a preliminary test hop to its proposed nonstop flight of 2225 miles from Los Angeles to Guatemala City, when it will carry a crew of four, the plane and a total load of 6000 pounds, the huge Albatross plane, yesterday was taken for a trip over Los Angeles and surrounding towns carrying diplomats from Central America and officials of the Guatemala Air Service.

Callie Grimes' freedom from the

restraining influences of a County

Jail is still worth exactly \$20,000

today. The application of the cen-

tral figure in the Councilman Carl

L. Jacobson conspiracy case for a

writ of habeas corpus, which she

filed in the District Court of Ap-

peals for a reduction of her bail of

\$30,000, was denied by the higher

court yesterday. She has been in

jail since April 26, at El Paso, Tex.,

as a fugitive犯人.

Pointing out that it gives no

weight or credence to the charge

of her attorney, Leo Dase, made in

open court at the recent habeas

corpus hearing, that he knew of the

attorney's having been informed

by the facts before the proper

tribunal," for the opinion states

"such conduct of the District At-

torney after an order admitting de-

fendant to bail, would constitute

contempt of court."

The attorney is, therefore, de-

nied and the petitioner ordered re-

mained to custody," the decision reads.

**CHARLES BRABIN GETS PLUM**

M.-C.-M. Assigns Director to Sea Film; Lucile Webster Gives Son Sister Break in Play; Barthelmess's Next First National Switched

As a recognition of his outstanding success with "The Bridge of San Luis Rey," Charles Brabin has been awarded one of

the directorial plumes of the season, accord-

ing to a recent announcement.

Brabin's first assignment is "Or-

deal," Dale Col-

lins' novel of the sea, which has

been completely rebuilt since

its premiere last year.

The play is to be put on out here

in the West early next fall, and will

then be taken to New York.

Miss Eaton Comes West

That charming young Broadway

star, Mary Eaton, is to come west to

join the film colony for Paramount.

She will appear in the star team-

ing production of "Romeo and Juliet."

With Miss Eaton will be co-fea-

tured Jack Oakie, the comedian of

"The Fleet's In," and "Chinatown

Nights."

## ADDITION MADE TO DAIRY CHAIN

**Golden States Milk Takes Over Calla Lily**

**Merger Ninth for Concern in Period of Year**

**Founder of Glendale Unit to Manage Plant**

Golden States Milk Products Company has concluded negotiations for the acquisition of the business and assets of the Calla Lily Creamery Company of Glendale which distributes milk and cream in Glendale, Burbank and the San Fernando Valley. L. E. W. Poda, chairman of the Golden States Company announced yesterday.

This merger is the ninth in southern California made by the Golden States Company. It has figured during the past year and, according to Mr. Poda, this recent purchase is another step in the company's new policy in bringing the \$40,000 dairy cows in California nearer the 6,000,000 others to eliminate waste in distribution.

Other recent consolidations with Golden States Milk include: Golden Medal Creamery, Long Beach; Los Angeles Creamery, Hughes Ice Cream, Dairy Farms Company, Lincoln Ice Company and Jersey Farm Dairy Company all in Los Angeles; Riverside Dairy, Riverside, and the West Coast Dairies, Inc., of Burlingame.

Edward Page, president of the Calla Lily Company, will remain in charge of the business of his concern which will operate as a unit of the Golden States Company. Several years ago Mr. Page began his operations at Glendale with a few cows which he milked himself. Prior to this time he worked for George Pia, president of the Los Angeles Creamery, who began with two cows opposite the present site of the Billmore.

**MILK PRODUCTS LISTED ON MART**

Common stock of the Golden States Milk Products Company has been approved for listing on the Los Angeles Stock Exchange and will be called to the board for trading on the first inst. Carl Miller, secretary and manager of the exchange, announced yesterday. The stock has been traded on the Los Angeles Curb Exchange.

The company has an authorized

**PIONEER CLUB WOMAN DIES AT GLENDALE**

GLENDALE, May 16.—Mrs. May Cookey Church, 61, wife of Fred O. Church, a pioneer resident of Glendale, and a charter member of the First African Methodist Church died today at her home, 225 North May. Mrs. Church was active in the Glendale Republican Women's Club. After coming to California Mrs. Church spent her girlhood in Pasadena.

Besides her husband she is survived by two daughters, Mrs. Eddie Church, who resides in the Glendale schools, and Miss Edith May Church, school librarian at Harvard. Funeral services will be held Saturday, the Christian Science ritual being used, and interment will be made in Forest Lawn Memorial Park.

**PIONEER CLUB WOMAN DIES AT GLENDALE**

GLENDALE, May 16.—Mrs. May Cooper Church, 61, wife of Fred O. Church, a pioneer resident of Glendale, and a charter member of the Tuesday Afternoon Club, died today at her home, 235 North Orange avenue. Mrs. Church, who was born in Glendale, was active in the Glendale Republican Women's Club. After coming to California Mrs. Church spent her girlhood in Pasadena.

Besides her husband she is survived by two daughters, Miss Edie E. Church, a teacher in the Glendale schools, and Mrs. Edith May Church, widow of Hiram May Church, of Glendale.

Funeral services will be held Saturday, the Christian Science ritual being used, and interment will be made in Forest Lawn Memorial Park.

# Two Recent Bank Robbery Mysteries Solved From Meager Clews Left Behind by Bandits

## PAIR ARRESTED; ONE CONFESSES

**First Man Brought to Jail by Deposit-Box Key**

**Sudden Affluence Shown by Another Opens Jail**

**Sheriffs Recover \$5600 of Plunder in Bank**

**TWO RECENT BANK ROBBERIES** were solved yesterday when one man confessed to the hold-up of the California Bank at 3600 Wilshire Boulevard on the 5th inst., and a second was identified, as the bandit who held up a collector for the Seaboard Bond Company April 22. Deputy Sheriff Frank Dewar, chief of Sheriff Traeger's robbery investigation detail, has been checking information on the past two weeks, and yesterday arrested Harry L. Mayberry, 25 years of age, who confessed obtaining \$1400 in the Edward Burdett robbery, and Ira Sturman, charged with the hold-up of A. C. Kostman, a bank collector at 618 South Olive street.

### ONE GOT \$2000

Sturman is asserted to have obtained \$2000 in his daylight hold-up, and has been in custody since the 1st inst., while Deputy Sheriff Dewar, during the time of the hold-up yesterday, a safety deposit box seized by Sturman was opened and \$6000 was recovered and Sturman was identified by Kostman.

In connection with the hold-up of the California Bank, Kostman and Deputy Sheriff West and Hart that he yielded to temptation to rob the bank on the spur of the moment when an automobile salesman indicated that he took a car and drive it around "to indicate a trout." Pictures found on the automobile were found to be those of Mayberry.

The self-confessed robber also told the police that he had been ill and out of work for several months and that his wife was ill and the two were preparing to eject him from his home and return to the furniture.

### PAID UP BILLS

The arrest of Mayberry was brought about by the fingerprint evidence, and the discovery that although out of work he had paid bills within twenty-four hours.

Mayberry was arrested for the robbery at 618 South Olive street by Deputy Sheriff Barner, Fitzgerald, Richey and Ostry. At the time they found a key in his possession which appeared to be for a safe.

When the self-confessed robber was taken to the station, he was asked if he had been to any banks, the box was found in the Wilshire district. Bank officials told of leasing the box to Sturman and then permitted a search which revealed the money. According to Kostman, the amount sum taken from the collector has been accounted for as he made a number of expenditures shortly after the hold-up.

### RANDIT IN AUTO

Kostman had just stepped into his automobile after making a South Olive-street collection when the bandit entered the car, thrust a gun at his side and ordered him to drive down the street. On Olive, Western, 2nd and Second streets, the robber ordered Kostman out of the car and drove away. The auto later was recovered by police.

Mrs. Florence Dial, also known as Mrs. Florence George, who was indicted for conspiracy in connection at the time of Sturman's arrest, was yesterday released from the County jail.

## Defendant in Impersonation Case Discharged

After testimony had been introduced in United States District Judge Manning's court in the case of William J. Cyrdell, on trial on a charge of impersonating a naval officer, the court granted a motion of defense counsel, David G. Taylor, that the defendant be discharged. The jury was instructed to, and did return a verdict of not guilty.

Cyrdell had been accused of obtaining various sums from investors by representing that he was a naval officer and had contracts with the government in connection with the sale of supplies to Coast Guard cutters.

Taylor asserted that the government, represented by Asst. U. S. Atty. Davis, had not proved that Cyrdell represented himself as a naval officer. The court then granted a motion to dismiss the charge.

Cyrdell, who was accused of violating the Dyer Act in transporting a stolen auto across a State line, said she is unable to explain

## PAIR FREED IN PLOT TO ROB WIDOW

**District Attorney Acquits McEniry and Fisher in Mrs. Neuman Case**

Charges of grand theft and conspiracy to commit grand theft preferred against James McEniry and John S. Fisher in connection with the asserted defrauding of Mrs. Frank E. Neuman, aged widow, were dismissed yesterday by Judge Wilson of Superior Court on motion of Dist.-Atty. Crail, who informed the court the District Attorney's office did not have a case against them.

McEniry and Fisher were indicted jointly with Sam Wickerham, promoter and art dealer, on a charge of conspiring to defraud Mrs. Neuman of \$22,000 in connection with a transaction involving some optical machinery, and on another count with great theft of \$1,400 from Mrs. Neuman. Although McEniry and Fisher were cleared of the charges, the case against Wickerham is still in force and it was reported the District Attorney's office eventually will place him on trial.

Yesterday, the case was dismissed off calendar to Wickerham owing to the illness of Mrs. Neuman and her inability to appear in court as a witness. It is the plan of the District Attorney's office to restate the case against the promoter when Mrs. Neuman is able to give testimony.

Wickerham now stands convicted of charges of grand theft in connection with his dealings with Mrs. Neuman and is in the County Jail pending decision on his appeal.

## EVANGELIST AND MOTHER MEET

(Continued from First Page)

Kennedy, with Mrs. McPherson's assistance, for extension of temple inter-

mission, and was unable to inform the police who had struck the blow.

Later, however, when confronted with evidence indicating that he was the aggressor, Howard admitted he struck the blow suddenly without premeditation and in self-defense.

It is understood that Howard will acknowledge his confession in court hearing, but does not expect his statement to be the basis of conviction.

Cooley never regained consciousness and was unable to inform the police who had struck the blow. Later, however, when confronted with evidence indicating that he was the aggressor, Howard admitted he struck the blow suddenly without premeditation and in self-defense.

It is understood that Howard will acknowledge his confession in court hearing, but does not expect his statement to be the basis of conviction.

The first indication that the dove of peace may possibly hover over the strife between the two families came with the filing of a breach of promise suit against Mrs. Kennedy in Seattle by Rev. H. C. Clark, who asks \$1000 for the asserted breaking of their engagement.

"I think, however, that she is stopping in Santa Monica, but I am not sure," Mrs. McPherson said.

Mrs. McPherson's business partner, William J. Kitz, could not be located last night.

Shortly after Mrs. Kennedy went north, she announced that she expects to return and assume charge of Angelus Temple affairs.

At the time of the meeting, the report and no further indication of that possibility appeared until yesterday's meeting.

The first indication that the dove of peace may possibly hover over the strife between the two families came with the filing of a breach of promise suit against Mrs. Kennedy in Seattle by Rev. H. C. Clark, who asks \$1000 for the asserted breaking of their engagement.

And, Mrs. McPherson, because solicitors for her mother's welfare in the impending legal clash and many telegrams, telephone calls of an endearing nature and a personal visit to Mrs. Kennedy paved the way for that reconciliation.

"Mrs. Kennedy paved the way for that reconciliation," the speaker covered.

"I think, however, that she is stopping in Santa Monica, but I am not sure," Mrs. McPherson said.

"

Then, again, having few men made many a quarrel about the new dent in the floor.

And now we appear, the son when the man who takes the cold bath every morning adds any hot water.

Some great men are here to fall; some are thrown by accident, and some write their own testimonials.

Awful thought! The author will give us a universal language and then everybody will speak through his nose.

The Shell Club fight in motion, has taken place again, has the more you observe hands, the more you wonder why some ladies feel something about not having one.

Don't waste too much sympathy on the unemployed. They probably have government jobs.

A fanatic is a person who thinks you allied with the Devil if you suggest using discretion.

The League of Nations has decided to protect whales. In dealing with national claims, also, it shows a tender solicitude for the big fellows.

Americanism: Feeling poor of your income; thinking valuably of the old days when you made less and didn't owe anything.

How many screaming headlines and fiery speeches are required to start an inevitable war!

Queer government. It may times the districts where the fire started, but it made no effort to limit the spread of the bridge.

The reason the Filipino should be kept poor to enrich America's sugar producers is because he can't help himself.

A lighter has advantages. When a match fails to light, there's no satisfactory way when you hurl it to the floor.

History: The story of 700,000,000 patriots who died for glory, land, cash or trade for the big men of their country.

Beware the enthusiast who urges you to try it. Oil stock is for sale, but the man who discovers a diamond mine keeps it for himself.

Maybe the Indian stock can be absorbed and merged into our family tree, but years of patient crafting and trimming have failed to eliminate him.

Correct this sentence: "He is a rich young bachelor," said the gossip, "but it never occurs to him that he is considered a good catch."

The troublemaker never makes good.

If there were no hard luck, there would be no heroes.

The man who is close-fisted may land you an awful wallet.

THE ONE RELIGION

By The Festive Philosopher

After seeing John McGroarty's soul-stirring drama, "Oceania," I am more strongly convinced than ever that the supreme religion is love. Nothing else counts for me much.

"The greatest thing in life is a kind heart," said Ching, the Buddha, and the character of Oceania, as depicted by McGroarty, reminds one of Prince Siddhartha before the Bodhi Tree episode. Incidentally, I have seen nothing that so moved me to the heartstrings since the production of "The Light of Asia" on Kroc's Hill.

When, at the risk of his life and the safety of his wife, McGroarty determines to prevent the runaway slaves and tells his wife "No hunted thing shall come to me in vain," he reminds me of the scene in which Radha saves a swan from the hands of a hundred hunters whose arrow had broken its wing.

The historian is true to his nature. McGroarty is a humanist. He knows and portrays the emotions of the heart in a simple yet masterful way. His love of the dark-skinned people, especially of those who have been oppressed, is so deep and intense that the spectator most sees that the spectator of the "big red heart" of the movie "Mission Play" and "Oceania."

In the latter production—colorful, musical and richly dramatic—this love nature of the artist is especially notable. How Florida will accept "Oceania" is yet to be seen. If Florida does not give it great support, Florida will fall in her privilege of popularizing a great American drama.

Love is the only religion of all. The drama is the school of life. The drama is the greatest medium for its expression.

JAMES WARREN

The word "Mississippi" comes from the Algonquin Indian words, "Super" and "Mississipi," meaning river and land, according to an authority, and has been in use by Americans since De Soto explored it in 1540.

### YOUR BABY AND MINE

Mrs. Wymans will be glad to answer all questions pertaining to babies and children. Questions and answers to this department, envelopes forwarded to this office, will bring a personal reply.

QUESTION AND ANSWERS

Urine Sometimes Not Clear

Question: Isabel asks: "What causes the urine to be clear and not cause the urine one day and the next day to be cloudy?"

Answer: The change in the color of urine depends upon the kind of food you eat and the amount of liquid taken. Sometimes a large amount of phosphates appears in the urine because of nervousness. These do not come from any particular food, but make the urine look milky. There are no foods which can be considered "bad" for the kidneys.

The main thing is to stop injuring the kidneys through making them eliminate too many poisons created from inharmonious food combinations.

Pains of the Stomach

Q: Mrs. R. H. asks: "What is a pain in the stomach? What causes it and what can be done for such a condition?"

A: Pains of the stomach simply means prostration of the stomach. This is caused through a weakening of the abdominal muscles and the nerves that control the stomach attached to the stomach. A cure can be achieved through strengthening the abdominal muscles and increasing the functional tone of all the abdominal organs.

Radium and X-ray Treatments

Q: H. J. G. writes: "I wish you would explain to me about radium and X-ray treatments. What are they? Also, what benefit is derived from an X-ray treatment, where you lie on a couch with your clothing on?"

A: Radium and X-ray treatments are given in an attempt to cure abnormal growths or tumors, and cancer. Such treatments have not been highly successful and, in fact, results have been very disappointing. The X-ray treatment can be given through the clothing, but this is seldom done.

**IS THERE ANYTHING WORSE?**

This has no connection with the familiar pyloric stenosis which causes a child to spit up everything he takes either by bottle or breast. The baby slept at the breast, though he nursed when shaken. In twenty minutes of this alternate sleeping and shaking he was put to sleep again. When he had not gained an ounce! Yet in spite of the evidence of the scales he continued to spit up for at least fifteen minutes after nursing a thick, watery fluid.

Obviously there was no nourishment for the baby and just why this twenty-minute nursing resulted in such persistent spitting up is a question for which I have no answer. Yet it seems a very common phenomenon—this baby who sleeps and nurses for sometimes as long as an hour, and then in two hours more is crying to be fed. No one, except the blind mother, could convince herself that she was supplying nutrition for the child under these circumstances.

**Loss, Missing—Something Wrong?**

This is a new creation, delicious beyond description!

It suggests too, a host of other combinations quite as tempting, with Red Rock as the foundation. Why? Because in preparing Red Rock, generous amounts of pure sweet cream are used and so you have a delicacy unusually rich in flavor and food value. What an improvement over the old-fashioned cottage cheese so common before Red Rock was so convenient to secure!

You'll like Red Rock—the perfect foundation for countless delightful salads.

CLUB NOTES

Mrs. Harris T. Baldwin of Washington, D. C., who will be the principal speaker at the convention of the California League of Women Voters, will meet at the Hotel Huntington, Pasadena, today and tomorrow. She is famous as one of the most gifted orators now before the public.

As chairman of the living costs committee of the National League of Women Voters, Mrs. Baldwin has proven herself an authority on economic conditions. Her marriage in 1922 to an expert in the United States Department of Agriculture and for several years traveled through the various States for the purpose of conducting special campaigns. Mrs. Baldwin is a graduate of Teachers' College, Columbia University.

In Washington Mrs. Baldwin is a prominent figure and is always to be seen at Congressional hearings and seated on the platform representing living costs. She also is faithful in attendance at the public hearings of the Federal Trade Commission.

Mrs. Baldwin was president of the College Women's Club until it was merged with the American Association of University Women. It is expected that she will bring an inspiring message to the women of the Pacific Coast.

With the Wilshire Juniors

Mrs. Anne Michael is the first Wilshire junior to be married this spring. Her wedding to Ernest Houch is to take place at 5:30 p.m. tomorrow in the Little Church of the Flowers, with Mrs. Paul Schweizer of the club as maid of honor. The bride is a graduate of the University of Southern California.

Mrs. Walter Hough was present at the junior conference in Santa Cruz last week, while Miss Mary McCurdy, another member, was secretary for the meeting and also was elected to be president secretary at the conference.

One of the most important matters taken up during the conference was the raising of money for the scholarship fund, started at the first junior conference last year in San Diego. Pledges were asked and the donations also were asked, having their names placed on founders' row for the fund. Mrs. Gladys Kingston was the first to pledge \$100 in behalf of the Wilshire Juniors.

The drama section of the club met in the home of the club, Mrs. Hubner to try out for a spring play, "A Woman's Honor," which will be directed by Mrs. Hubner and given in connection with other acts prepared by the girls. Sunday afternoon Mrs. Hubner will be shown in her home at a luncheon to answer complimentary Mrs. Richard Odle.

**Friday Morning Club**

Resolved: That the drama performs its most valuable service to the members in transporting its players to planes of beauty, romance and adventure that are far removed from the full affairs of every-day life.

That is the subject for a debate which will be held for the Friday morning club on May 25th.

The affirmative will be taken by Mrs. Louise Ward Watson, chairman. The affirmative will be taken by Mrs. Kemper E. Campbell and Mrs. Albert Mellinkoff, and Mrs. E. F. Thurston and Mrs. Margaret E. Purcell will uphold the negative.

Honoring Mrs. J. E. Argus, non-

member for first vice-president of the club, Mrs. Herbert L. Cornish will entertain in the afternoon following the luncheon with tea in the Beverly Hills home. Receiving with Mrs. Cornish will be Mrs. L. J. Roth, Mrs. Charles Lincoln Benham and Mrs. Fletcher Ford.

**Medical Minors Elect**

Election of officers will take place at the last regular meeting of the Matinee Musical minors' section of the Matinee Musical Club, Friday evening, the 24th inst., in the Zoellner Conservatory of Music on Wilshire Boulevard, according to Mrs. Paul C. Heydenreich, president of the club.

Mrs. F. W. Poor, chairman, will present a silver loving cup to the minor having brought in the largest number of new members. The section was formed last autumn, and the election will be the first.

**118 HOME USES**

# Tagging the Cameraman on the Trail of World's News and Features

**Getting an Eyeful of the Birdie!** Master Shannon Jackson, 8-month-old Hollywood youngster, and Jappo, his canine friend, concentrated on the spot where the mythical "birdie" is supposed to appear. "It's the bunk," says Shannon, who will probably grow up to be a title writer. (P. & A. photo.)

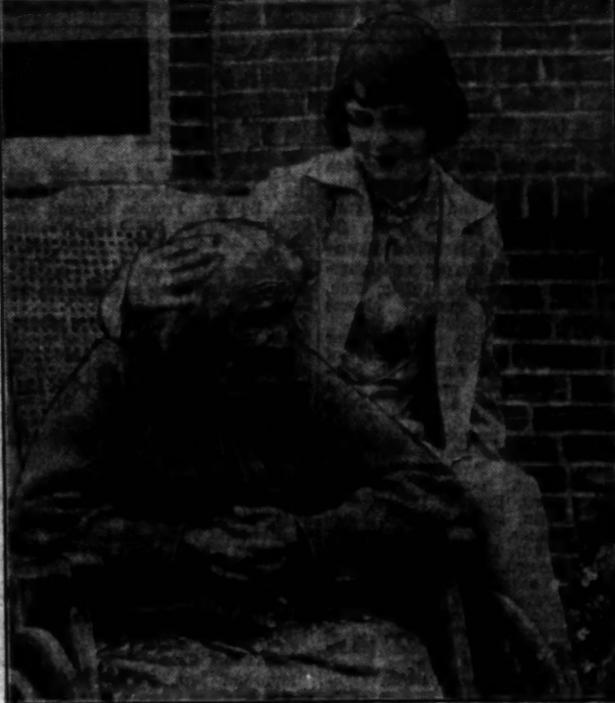

**Richest Chicago Girl**, Miss Rosemary Baur, took two days off from her studies at Bryn Mawr to go through the formalities of inheriting \$2,500,000. (P. & A. photo.)

**New Fleet Commander**—Admiral William V. Pratt will become Commander-in-Chief of United States fleet at ceremonies here next Tuesday. (A. P. photo.)

**Dempsey Wouldn't Fall** for the charms of Hazel Forbes, Broadway show girl, according to stories from New York about the Dempsey-Benjamin affair. (A. P. photo.)

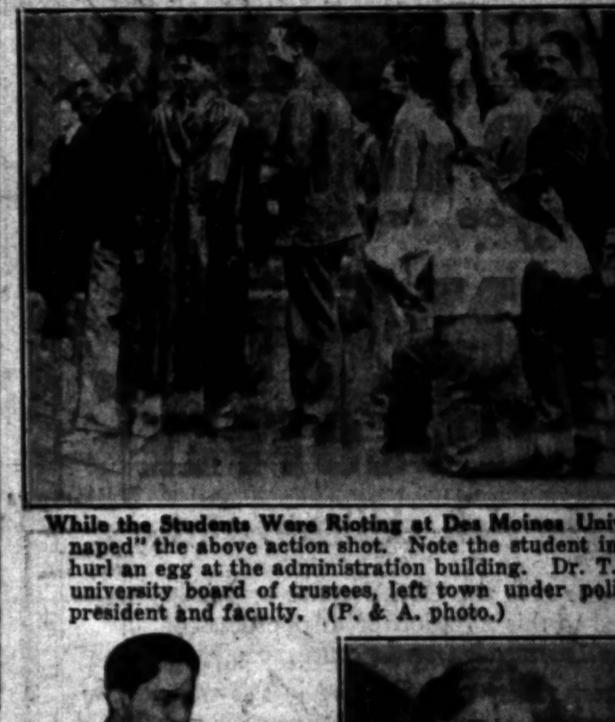

**Benefit Performance for Aged and Infirm patients** at the Mt. Sinai Home for Chronic Invalids will be held tomorrow night at the Shrine ballroom. One of the performers who will take part, a Fanchon and Marco dancer, is pictured here with one of the oldest inmates of the home. (A. P. photo.)

**Drops and Stains in Bottom of Coffee Cup Will be State's Witnesses against Mrs. Eva Rablen of Sonora, Cal., when she goes to trial on a poison murder charge.** The State charges the woman with having poisoned her husband, using coffee to disguise lethal dose. E. O. Heinrich, Berkeley criminologist, is shown examining cup which held asserted poison. (P. & A. photo.)

**The Old Bleichroeder Palace in Berlin** with its rare and historic furnishings has been purchased by the United States for use as the residence of the American Ambassador. This photo of the new embassy building was taken from the spacious lawn in front. (Herbert photo.)

**While the Students Were Rioting at Des Moines University**, a photograph "napped" the above action shot. Note the student in middle foreground hurling an egg at the administration building. Dr. T. T. Shields, president of the university board of trustees, left town under police escort after dinner with president and faculty. (P. & A. photo.)

**Central American Beauty**—Lolita Fortin is the Honduras idea of beautiful. She will represent her country at annual international beauty pageant. (A. P. photo.)

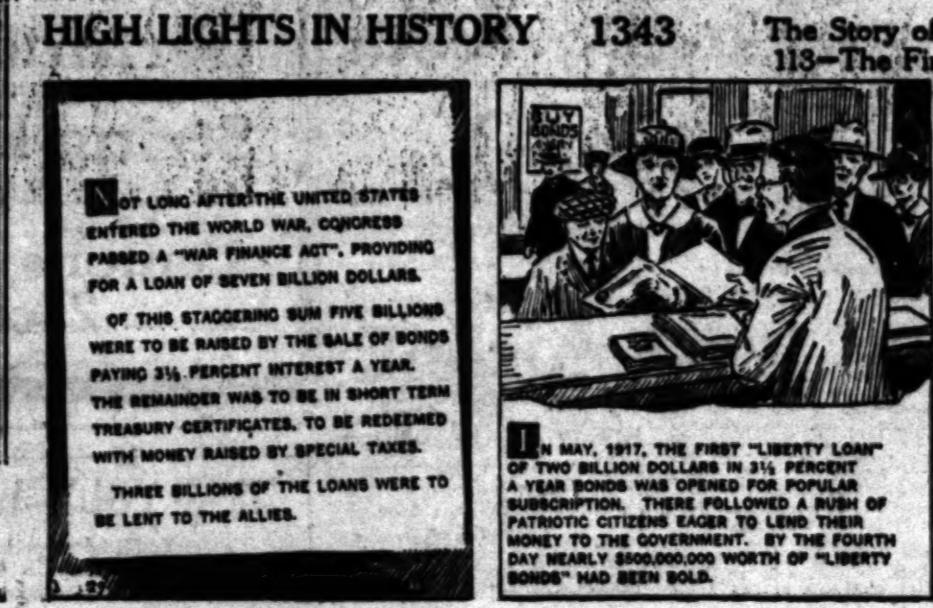

**No Man Has Ever Viewed the Pinnacle of Mt. Index, Washington,** except from the cockpit of an airplane. Experienced mountain climbers from all over the world have attempted to scale the jagged shafts; all have turned back defeated. This photo, taken from a plane, graphically illustrates the peak's inaccessibility. (A. P. photo.)

**The Suit Frock** is a standard ensemble of the Hollywood wardrobe this summer. Jean Arthur wears one of black and white checks in this photo.

**It'll be a Rough Ride, Sister!**—Mlle. Aimee Pfanner, 20, a Parisienne, will attempt to cross English Channel on hydrocycle she is riding above. The French miss is going through a course of training as rigid as that of a swimmer attempting the crossing. (P. & A. photo.)

## HIGH LIGHTS IN HISTORY 1343

The Story of the World War 113—The First Liberty Loan.

NOT LONG AFTER THE UNITED STATES ENTERED THE WORLD WAR, CONGRESS PASSED A "WAR FINANCE ACT", PROVIDING FOR A LOAN OF SEVEN BILLION DOLLARS.

OF THIS STAGGERING SUM FIVE BILLIONS WERE TO BE RAISED BY THE SALE OF BONDS PAYING 3½ PERCENT INTEREST A YEAR. THE REMAINDER WAS TO BE IN SHORT TERM TREASURY CERTIFICATES, TO BE REDEEMED WITH MONEY RAISED BY SPECIAL TAXES.

THREE BILLIONS OF THE LOANS WERE TO BE LENT TO THE ALLIES.

IN MAY, 1917, THE FIRST "LIBERTY BOND" OF TWO BILLION DOLLARS IN 3½ PERCENT YEAR BONDS WAS OPENED FOR POPULAR SUBSCRIPTION. THERE FOLLOWED A RUSH OF PATRIOTIC CITIZENS EAGER TO LEND THEIR MONEY TO THE GOVERNMENT. BY THE FOURTH DAY NEARLY \$500,000,000 WORTH OF "LIBERTY BONDS" HAD BEEN SOLD.

TO SPUR THE LOAN CAMPAIGN EVERY POSSIBLE FORM OF PUBLICITY WAS RESORTED TO. POSTERS EVERYWHERE, ORATORS IN THE STREETS, BOY SCOUTS CANVASSING FROM DOOR TO DOOR. AS THE LAST DAY DREW NEAR, A GREAT ELEVEN-HOUR DRIVE TO PUSH THE LOAN "OVER THE TOP" BEGAN.

Americans watched the war bond campaign with interest. Early in May, 1917, at the time of the first Liberty Loan, the author, on his feet, was in Europe during the last year of the war.

## PUPIL ESCAPES DEATH IN SPECTACULAR FALL

Leon Sidebottom, an eleventh-grade pupil at the Los Angeles High School, miraculously escaped death at noon yesterday in a spectacular plunge from a third-floor window of the school while he was attempting to escape from wrathful seniors intent upon destroying his corduroy trousers.

The youth lost a finger from his left hand and suffered a badly lacerated foot, but suffered no internal injuries, school authorities were told. He was given emergency treatment and released to the care of his parents, Mr. and Mrs. Earl

Sidebottom, 942 Menlo avenue. Tradition has it that the school authorities prohibit an youngster older than seniors wearing corduroys. When young Sidebottom was discovered in the hall wearing a new pair several seniors gave chase. The boy ran into a room and attempted to climb out of the window, but one of the building's glass panes was shattered. He lost his hold, however, when his foot became entangled in a wooden shutter. His finger was severed when he frantically grabbed for a window, thrusting his hand through the glass.

An investigation of the accident was ordered by school authorities.

line with those in effect at other local airports.

One schedule is for planes stored in the hangars, having a base rent and range from \$1.50 a day for plane having a wingspan of less than thirty feet to \$6.25 a day for planes with a wingspan of more than eighty-five feet. The rates for the largest and minimum size planes are, respectively, \$2.50 and \$4.00 a week; \$30 and \$10 a month; and \$320 and \$1,000 by the year.

**GROUND LEASES**

The second schedule is for ground leases, that is, for private operators who wish to lease ground for the erection of their own buildings. This is worked on a sliding scale of rates, ranging from \$1.50 per square foot for the first three years, 5 cents per square foot for the second three years, and 6 cents per square foot for the next four years.

The third schedule covers the rental of planes outside the hangars and staked down at a designated parking space, which will cost 75 cents a day, \$4.50 a week, and \$15 a month. This schedule also fixes the rental for space in the maintenance shop and such minimal services as may be available, the charge being 75 cents per square foot per year and \$1 per square foot per year, respectively.

The fourth schedule covers maintenance operations such as the cleaning of aircraft, taking care of planes of manufacturers whose plants will be located adjacent to the field. They will be charged \$1 per day per plane, \$5 per week per plane, and \$45 per month per plane.

In addition to assuring the city of a profit on its investment the schedules of charges approved yesterday, Mr. De Silva said, are in line with those in effect at other cities.

**SUGGESTS PURCHASE**

In submitting these figures Mr. De Silva called attention again to the argument that it would be profitable to purchase the field as the price, if it is bought before September 30, would be \$1,220,000.

He pointed out it is \$115,000, which is less than the annual fixed charges at present.

In addition to assuring the city of a profit on its investment the schedules of charges approved yesterday, Mr. De Silva said, are in line with those in effect at other cities.

**FRIENDS OF KEITH TURN TO WERNER**

Thirty-two of Committee for Defeated Candidate Now Aid Former Foe

Thirty-two members of the Donald M. Keith campaign committee, including Robert A. Ocelli, the chairman, have allied themselves with the Ervin P. Werner campaign tonight. Both of the men and women participating in this move accompanied a pledge of active support with an endorsement of Werner.

"Mr. Werner is eminently fitted for the important post of City Attorney and is the logical man for the position," Ocelli stated. "I feel that my friends who urged election of Donald Keith will join me in supporting Mr. Werner."

Donald Ocelli, other members of the Keith organization lining up behind Werner are:

W. J. Hanmer, C. L. Bagley, William M. Bowen, Victor F. Collins, Hiram E. Gibson, Robert J. Stahl, W. W. Wallace, Iris May Adams, Mrs. Joseph E. McDonald, Mrs. John E. McDonald, Mrs. Elmer E. Miller, James G. Southborough, Frederick Baker, H. Stanley Benedict, James Neil Hastings, Kenneth A. Carey, J. Karl Leibell, Lon S. McCoy, Julie E. Patrose, Earl S. Patterson, Arnold Peacock, Erwin W. Wiley, William J. O'Brien, Kew H. Ross, Hill, Vincent Morgan and Ella M. F. Achery.

Other individuals received by Werner—without individual support from Bradner W. Lee, Jr., Lloyd Wright, Estelle Lawton Lindsey and Mary J. Workman.

**CONVENIENT CAFETERIA**

Residents of the San Fernando Valley are finding the Harmony Cafeteria, at 632 Hollywood Boulevard just east of Vine street, a great convenience when coming in the city for shopping and pleasure jaunts. This cafeteria is making an appeal to families because of its home cooked foods, excellent salads and delicious pastry.

**NEW CHINESE CAFE**

One of the most colorful events in cafe history will take place Wednesday evening when Cecil F. Collins, the new Chinese Cafe on Wilshire Boulevard, near Detroit. The new cafe will be located directly above his "White Spot" restaurant.

Tom Swift and his orchestra will furnish the music and will feature a variety menu which has been arranged for opening night.

In addition to Swift's orchestra, Hall will present an elaborate entertainment program in which a number of novel singing and dancing acts will be introduced.

**ROBINS ON CHARGE**

Another new cafe on the ocean front will throw open its doors on June 1, next, when Fred Harlow will inaugurate his new establishment in the Ocean View Hotel, Ocean Park. Mr. Harlow, who is the genial proprietor of the Moonlight Inn on Westwood Avenue, claims that he has expended a large amount of money in decorating elaborately his new cafe. It is claimed by the management that this new night club will be one of the few cafes to offer all-night dancing and entertainment.

**ADDED ATTRACTION**

Old-time Mississippi River songs will be featured by Lee Phelps the crooning troubadour, opening at the Show Boat Club tonight as an added attraction.

On Friday night, the eight o'clock at the Venice pier is proving a popular rendezvous for those who choose to "dine and dance until dawn."

Mann Brothers Admirals provide the dance music at the Show Boat Cafe, and by special arrangement with the Mississippian, producer of the Pom Pom revue also will be presented here for the next week, doubling from Fox Boulevard Theater.

**DANCERS' RENDEZVOUS**

Ruth St. Denis and a group of her original Denishawn pupils attended a luncheon at Loomis' La Casa Pico, recently. This group has arranged to meet regularly on the first Friday of each month at La Casa Pico, according to Mr. Loomis.

**MANSFIELD FOLK TO MEET**

Former residents of Mansfield, Ohio will convene for a picnic Sunday at noon at the park, 21st and Zee avenues, Huntington Park. It is
